BOWKER'S

A NEW ODORLESS FERTILIZER FOR POT PLANTS.

AMMONIATED FOOD FOR FLOWERS.

Makes Plants Grow and Bloom Luxuriantly, and Drives Insects from the Soil.

It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only Artificial Fertilizer which can be used without danger or injury to the plants. It takes the place of liquid manure, and is just the thing that has been wanted for a long time. We have sold tens of thousands of packages of it, and have yet to hear the first complaint. If your plants are doing poorly, get a package and see how quickly they will be benefited. It acts like a charm. The Ammoniated Food is put up in wooden boxes, with attractive wrappers. One package, sufficient for twenty-five ordinary-sized plants for one year, for 50 CENTS. Sent by mail, postage prepaid, on receipt of price.

HARDY EVER-BLOOMING ROSES.

**FIFTEEN HARDY EVER-BLOOMING
ROSES FOR ONLY ONE DOLLAR...**

We have often been asked to name the hardiest Roses that are ever-bloomers. We have combined in this collection only such kinds as bloom freely, and that will stand zero weather. If you want Roses that are hardy enough to stand cold Winters and that bloom all Summer, you want the "Champion" Collection. In ordering, say "Champion" Collection of Roses, and we will know what you want.

Large two-year-old plants of any of these Roses, 30 cents each; or any four for \$1.00; or the entire set of fifteen Roses, in two-year-old plants, for \$3.00.

Champion of the World.

This is indeed the champion Rose of the world. It is champion in hardiness and champion in free blooming. It is a true perpetual hardy blooming Rose. None better. Color a rich, deep rosy-pink, very bright, and deliciously fragrant. The best of all roses.

The Queen.

This Rose has stood with us ten degrees below zero without being hurt. It is a vigorous grower, producing pure white flowers in abundance.

Clothilde Soupert.

The color is a French white, deepening to a rosy-blush in the center. Its greatest value lies in its wonderful profusion of bloom, even the smallest plants being literally covered with flowers. Even in mid-Summer a bouquet of splendid buds and open flowers can be obtained from this fine variety.

White La France.

This new Rose had prominence from the time of its introduction. It is identical with La France except its color, which is almost pure white. The shading of fawn it has only enhances its beauty. A grand Rose.

Striped La France.

Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower. In fact, differs not from it except in color. It is nicely striped, the marking being plain and distinct, the variegation being a beautiful bright rose on a satin-pink ground.

La France.

Too well known to need description. It is acknowledged everywhere as the "Queen of Roses."

Captain Christy.

The flowers are of magnificent form, very double, and stand erect in their martial bearing. Color a fresh, delicate fawn, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. It is a free bloomer.

Meteor.

A velvety-red ever-bloomer of the deepest glowing crimson. As fine as a Hybrid. A beautiful open Rose, a free bloomer, and a very excellent pot Rose.

Dinsmore.

It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses.

Summer Queen.

From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses. Thus it is certain to be unequalled for the garden or cemetery. A royal Rose.

The above fifteen Hardy Ever-Blooming Roses for 10 cents each; or the fifteen for \$1.00. Try them, and see what a lovely bed of Roses you can have.

CHAMPION OF THE WORLD.

Mrs. DeGraw.

Very hardy, and a constant bloomer. It has large, beautiful foliage, and is a vigorous grower. The flowers are a beautiful, vivid carmine, and bloom throughout the season.

Duchess of Albany.

The best light red Rose by far ever introduced. A beauty.

Maurice Rouvier.

Its blossoms are perfectly double to the center, while its color is a degree of loveliness which few Roses can equal, being a rich, deep, rosy-red, a shade the delicate richness of which is seldom seen.

Countess of Roseberry.

We have in this very charming variety probably the most beautiful Rose grown. The color is a satiny-pink in the center, and deepens to the outer petals to a bright rose. This feathery shading gives it the appearance of two distinct colors. It has completely captivated us. Very free-flowering.

Madame Schwallier.

It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright, rosy-flesh, paler at the base of the petals, and deepening on the edges. This grand Rose has more perfume than any that we offer. Try it. It is magnificent.

"Pearl of the Garden" EVER-BLOOMING ROSES.

COLLECTION OF

We include in this set the very best Roses for the garden. There are none better for this purpose. These Roses are all good, healthy plants, exceedingly well rooted. In ordering, say "Pearl of the Garden" Collection.

Price, 10 cents each; or the set of ten for 50 cents.

Large two-year-old plants, 30 cents each; four for \$1.00; or the ten Roses in two-year-old plants for \$2.25.

"Pearl of the Garden."

—The best deep golden-yellow Rose for the garden. The only rival of Marechal Neil. The buds and flowers are really elegant.

President Carnot.—(New.) Comes in clusters of six to twelve flowers. The color is distinct and novel. A lovely fawn, shading to pearl. It often measures six inches in diameter. The peer of any Rose.

Enchantress.—(New.) Creamy-white, tinted buff at the center, large, full and globular. One of the very best new Roses.

Maman Cochet.—(New.) A Rose of the largest size, very double. The color is a deep, rosy-pink or flesh, the inner side of the petals being a silver-rose, shaded and touched with golden-yellow. A gem indeed.

White Maman Cochet.—(New.) Identical with Maman Cochet, except in color, which is a clear snow-white. The finest of all white Roses. It is a strong, vigorous grower.

Princess Sagan.—(New.) Probably the equal of any red Rose. Color a deep, rich, velvety-crimson. Very free bloomer. Extra fine.

Goldfin Gate.—(New.) The flowers are extra large, very full and finely formed. The color is a rich, creamy-white, beautifully tinged with fine golden-yellow. We can heartily recommend this Rose.

PEARL OF THE GARDEN ROSES.

Duke of York.—(New.) The very best pink garden Rose extant. Flowers large, with elegant long, pointed buds. It has the fragrance of the old June Roses. Nothing sweeter or finer.

Jubilee.—(New.) This is a pure red Rose in its deepest tone, shading to deep crimson or velvety maroon-red in the depths of its petals. It fairly glows in its rich warmth of coloring.

Mrs. Pierpont Morgan.—(New.) The flowers are large and very double, many of them measuring four and a half inches through when in perfection. Color a bright rosy cerise. In color it is in a class by itself, as there is nothing like it. Elegant in every respect.

REMEMBER, THE ABOVE TEN CHOICEST GARDEN ROSES FOR 50 CENTS.

"MID-WINTER" EVER-BLOOMING ROSES.

COLLECTION OF

We have made a selection of the very best Roses for Winter blooming, embracing a wide range of color. We can commend this collection to all who desire to grow Roses in the house during Winter.

Price, 10 cents each. The collection of six choice "Mid-Winter" ever-blooming Roses only 50 cents. Large two-year-old plants, 40 cents each; or the six for \$2.00.

Star of Gold.—(New.) This is the best all round, deep golden-yellow Tea Rose that is grown. The buds are very large and shapely, while the flower is double to the center, and it is a deeper golden-yellow than Marechal Neil. Don't fail to try this variety. A valuable Rose for house culture, blooming in mid-Winter.

Pink Souveret.—(New.) This is a Rose that is always in bloom. It is the champion bloomer. Makes nice plants in the house. Deep rich pink in color.

Princess Bonnie.—(New.) The very best rich, dark, velvety-red Rose for the house. It is a great bloomer. In fact, with us it is always in flower.

General Robert E. Lee.—(New.) This Rose, which we introduced the past Spring, will produce more beautiful Roses in the Winter than any Rose we grow. A small bush will produce hundreds of blooms. Color orange-yellow. Very rich and beautiful. Extra fine.

Bridesmaid.—(New.) The acme of perfection as a Winter-bloomer. In fact, the most elegant of all pink Roses for this purpose. Buds very large and extra fine.

Kaiserin Augusta Victoria.—(New.) A new pure white Rose, and a good Winter bloomer. Very large and double. A royal Rose in every respect. Named in honor of the Empress of Germany.

EVER-BLOOMING ROSES.

NEW AND CHOICE VARIETIES FOR OUTDOOR PLANTING.

We have taken great pains to cull from this list Roses of no special value. Our customers can rely on the Roses in this list to be the best of the old and new varieties of ever-bloomers. These Roses will all bloom this Summer.

Price, 10 cents each; any seven, of your own selection, for 50 cents; any sixteen for \$1.00.

Large two-year-old Roses, from this list, 30 cents each, or four for \$1.00; ten for \$2.00.

American Beauty.—This is a Rose that charms everybody. Color a bright rosy-red, very sweet.

American Belle.—Richest deep scarlet. Extra.

Bridesmaid. (New.) The loveliest of all pink Roses.

Beaute Inconstante. (New.) A Rose that changes its color from yellow to crimson. Sometimes has Roses of five or six distinct colors at one time. Perfectly wonderful.

Beauty of Stapleford.—Bright pink and rich, rosy crimson.

Belle Seibrecht. (New.) The most lovely pink Rose ever introduced.

Catherine Mermet.—One of the most fashionable shades for cut flowers. Color a clear, rosy-pink, large.

Comtesse de Frigneuse.—The buds are long and pointed, like Niphetos. The color is a deep, golden-yellow, large and full. An excellent variety.

Champion of the World. (New.) A rich, deep, rosy-pink, very free bloomer and deliciously fragrant. Hardy. Considered the finest of all Roses.

Clothilde Souper.—The best of all pot Roses. Literally loaded with blooms, pure white, pink center. Very beautiful.

Clara Watson. (New.) Salmon and pink. Extremely free-flowering.

Crown Princess Victoria. (White Malmaison.) (New.) Identical with Malmaison, except that the color is white. A Rose that none should be without. A charming variety.

Cleopatra.—An extra large Rose, with long, pointed bud. Color a soft shell-pink.

Child's Jewel.—Has flowers of different colors. Lovely.

Duke of York. (New.) Rosy-pink. Very bright and distinct.

Duchess de Brabant.—This is another old-time favorite. Color a beautiful rose, tinged amber in the center. Everybody plants this variety.

Duchess of Albany.—Identical with La France, except that the color is much deeper. A most charming Rose in every particular.

Devonensis.—Magnolia fragrance, creamy-white color.

Dr. Grill.—Coppery-yellow color, with tawny reflex.

Enchantress. (New.) Creamy-white, tinted buff.

Etoile de Lyon.—Many claim this to be the best of deep, golden-yellow Roses. Excellent for out doors.

Ella May.—A lovely shade of coppery-yellow.

General Robert E. Lee. (New.) Color orange-yellow, shaded white. Very rich and beautiful. The best Rose extant. A small bush will produce hundreds of blooms.

Grace Darling.—Color porcelain-rose, shaded crimson.

Golden Gate. (New.) Color a rich, creamy-white, beautifully tinged with golden-yellow. A very choice Rose.

Hermosa.—Beautiful pink flowers, borne in clusters.

Henry M. Stanley. (New.) A rare shade of amber-rose, delicately tinged with apricot-yellow toward the center.

Jubilee. (New.) Deep, velvety-crimson.

Katherine Augusta Victoria. (New.) Pure white. A superb Rose in every respect. Hardy.

Lucile.—Unequaled in its delightful coloring and size of buds. Color bright carmine-rose, shaded yellow.

Letty Coles.—Color a soft, rosy-pink, shaded with intense crimson. Of the largest size. Exquisite.

La France.—Too well known to need description. Everybody's favorite.

Leonie Osterrieth.—The white Souper. Very desirable.

Media. (New.) A grand yellow Rose of the largest size.

Madame Sulpice Cochet.—Color a soft Primrose-yellow, with rose shadings. A grand bedding Rose.

Madame Caroline Testout. (New.) Color a brilliant satiny-rose, deepening to a clear red, exquisitely edged with silvery-peach. A superb rose in every respect.

Madame Eli Lambert.—A rich, creamy-white, tinted pale golden-yellow, bordered flesh. An exquisite Rose.

Madame Hoste.—Long, pointed buds, of pure white.

Madame Pierre Guillot.—The buds are large, creamy-white, bordered with bright, rich red.

Malmaison.—This is certainly one of the choicest of all Roses. The color is a beautiful, rich, creamy-flesh, shaded clear peach, with rose center.

Madame Welche.—Color amber-yellow and crimson-rose. It is charming.

Marion Dingee. (New.) Deep, brilliant, dark crimson. Probably the darkest and richest Tea Rose.

Madame de Watterville.—This is called the Tulip Rose. Color a rosy-blush, mildly bordered with bright crimson. Exquisitely beautiful.

Mrs. Pierpont Morgan. (New.) Color a bright, rosy cerise. Nothing finer of its color.

Meteor.—This Rose ranks at the head of all the dark, rich, red Roses. None better.

Mademoiselle Franciska Kruger.—Probably the best all round budding Rose we have. Its shadings of deep coppery-yellow stand unique and distinct.

Maman Cochet. (New.) Don't fail to try this beautiful Rose. Color a deep rose-pink, shaded and touched with yellow. Superbly grand.

Mrs. Degraw.—The color is a rich, glossy pink. Hardy. A premier Rose in every respect.

Madame Schwaller.—A deep, rich pink, blooms in clusters of from five to twenty Roses. A great garden Rose.

Mademoiselle Cecil Berthod.—A deep, rich, golden-yellow. A superb variety.

Mosella. (New.) The yellow Souper. Nothing finer.

Niphetos.—A most elegant white Tea Rose, with enormous buds over three inches in length.

Princess of Wales.—Color a beautiful amber-yellow, deepening towards the center to orange or coppery-yellow, tinged and shaded crimson.

Perle des Jardins.—Clear golden-yellow, very rich and beautiful. Constantly grows in favor.

Papa Gontier.—Immense buds, color a rich, bright red, passing to a clear, glowing crimson. One of the best.

Princess Sagan.—A Rose of great beauty. The color is a rich, velvety-crimson. Handsome and showy. The brightest of Roses.

Pierre Guillot.—This superb Rose has no superior. Always in bloom. Buds and flowers of enormous size, of the richest red.

Princess Beatrice. (New.) A coppery or ruddy yellow, distinctly edged with bright crimson. This is indeed a princess.

Polar Star. (New.) Color a rich shade of creamy-white, shading to rosy-red and canary-yellow.

Princess Bonnie. (New.) One of the loveliest of all red Roses.

Pink Souper. (New.) Like Clothilde Souper, except the color is a lovely shade of clear pink.

President Carnot. (New.) This is a superb new Rose, combining lovely shades of fawn and pink. Extra fine.

Queen of Bedders.—This is considered to be the best rich, dark, velvety-crimson Rose.

Queen of Fragrance.—Blooms in clusters of six to ten Roses. Color white, tinged with delicate shell-pink.

Queen's Scarlet.—A great bedding Rose of richest scarlet. It is an exquisite variety.

Rheingold.—Naples-yellow, shading to orange. A beautiful Rose of extraordinary color.

Red Malmaison.—Same as Malmaison, except the color is a rich, dark crimson.

Ruby Gold.—Tawny-yellow, shading to old gold, with crimson center and veins of rosy-red and pink.

Rainbow.—A beautiful pink-rose, striped crimson.

Senator McNaughton.—Pure white, with shades of deep yellow.

Summer Queen.—Bright silvery-pink, full and double. Try this for a bedding Rose.

Souvenir de Victor Hugo.—Color a lovely citron-red, with amber and fawn shading.

Sunset.—This exquisite orange-yellow variety is one of the finest Tea Roses grown. The flowers are large and double. It is deliciously fragrant.

Striped La France.—Same as La France, except the color is pink, with light stripes through it. Superb.

Snowflake.—Pure white. Most profuse bloomer of all Roses.

Souvenir of Wootton.—Rich crimson Rose in large clusters.

Souvenir de Madame Eugene Verdier. (New.) Creamy-white, shading to golden-yellow, flushed with pink.

Southern Belle.—Color rich crimson, edged pink. Beautiful.

Sappho.—Fawn color, shading to deep yellow, large and double.

Star of Gold.—The best all round deep golden-yellow Rose.

The Gem, or Fair Unknown.—Straw-yellow, shaded crimson.

Triumph of Pernet Pere.—Magenta-red, passing to rich crimson.

The Queen.—Beautiful long buds, the color is pure snowy-white. Exquisitely scented. Hardy.

The Bride.—This is a pure white Rose, of the largest size, buds and flowers of most perfect form. It has the fault of coming pink in dry, hot weather.

Viscountess Folkestone.—This beautiful Rose is so large and fine as to resemble a Paeony. Pure white, faintly tinted fawn. Nothing can be more beautiful.

White Perle des Jardins.—Same as Perle des Jardins, except the color is pure white.

White La France.—Same as La France, except the color, which is pure white, faintly tinted fawn. A charming Rose in every respect.

Waban.—Identical with Catherine Mermet, only it is deeper and richer in color.

White Maman Cochet. (New.) The best white Rose.

CLIMBING EVER-BLOOMING ROSES. ❀

In the South or on the Pacific Coast, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers. The hardy varieties are marked hardy.

Price of large two-year old plants of Climbing Roses named on this page, 50c each.

- Climbing Malmaison.**—New. Flesh color, none better. Price, 15 cents each.
Climbing Meteor.—New, hardy. Rich maroon, velvety-crimson. See page 7 for description. Price, 15 cents each.
Climbing Wootton. New. Rich, bright red, in clusters. Price, 15 cents each.

NOTE.—The above three Roses are perhaps the most rampant and vigorous in the whole Rose family. If you want Roses to "get there quick" these are the ones to plant.

- Climbing Hermosa.**—New, hardy. Deep, clear pink. Price, 15 cents each.
Climbing Marie Guillot.—New. Pure snow white. Price, 15 cents each.
Climbing Devonensis.—White, flushed pink, magnolia fragrance. Price, 15 cents each.
Climbing La France.—New, hardy. Satiny-pink in color. Price, 15 cents each.
Climbing Perle des Jardins.—New. Deep golden-yellow. Price, 15 cents each.
Climbing Niphetos.—New. Pure white buds three inches in length. Price, 15 cents each.

NOTE.—The above nine Climbing Roses are sports from the varieties for which they were named; the disseminators so named them for the reason that no greater praise could have possibly been bestowed on them than to name them in honor of the parent variety. These Climbers make lovely bush Roses by simply cutting off the running branches at any height your fancy may dictate. Many of our customers prefer them to the parent varieties for bush Roses, even if they do not wish Climbers, as they are of a much more vigorous growth than are the varieties they are sports from. Try them.

- Climbing White Pet.**—New, hardy. Purest snow-white, in clusters. Price, 15 cents each.
Caroline Goodrich, or Climbing General Jacqueminot.—Hardy. This Rose has finely formed, very double flowers, and its fragrance is most delicious. The color is the same as that of General Jacqueminot. Price, 10 cents each.

New Hardy, Mme. Alfred Carriere.

Extra large, full flowers, very double and sweet. Color a rich, creamy-white, faintly tinged with pale yellow; exceedingly beautiful. It is a strong, hardy climber and free bloomer. Price, 15 cents each.

- Celine Forestier.**—Deep sulphur-yellow, large, full flowers, perfectly double, a fine bloomer and good grower. One of the best of its class. Price, 10 cents each.
Claire Carnot.—Buff or orange-yellow, peach blossom center, medium size, full and compact flowers, delightful Tea scent. Very pretty and desirable. Price, 10 cents each.
Carmine Pillar.—New, hardy. A lovely carmine-colored Rose; distinct. Price, 15 cents each.
Crimson Rambler.—New, hardy. Richest crimson. Price, 15 cents each.

NOTE.—See page 6 for description and price of Crimson, Pink, White and Yellow Ramblers.

- Cloth of Gold, or Chromatella.**—A clear golden-yellow, large, very full and double. Highly fragrant. Much prized in the South for pillars and verandas. Price, 10 cents each.
Empress of China.—New, hardy. Beautiful red, changing to bright pink. Rampant climber. See page 7 for description. Price, 15 cents each.
Firsten Bismarck.—New. As its name would indicate, this is a Rose of the first quality. An improvement on Gloire de Dijon. The color is a blending of amber, carmine and cream, and of delicious fragrance. One of the most exquisite of Roses. Price, 20 cents each.
Fortune's Double Yellow.—(Beauty of Glazenwood.) Hardy. Bronzed yellow or copper and fawn color. Price, 10 cents each.
Gloire De Dijon.—Our Southern friends are unbounded in their admiration of this fine Rose, which is seen there in its fullest perfection, being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shade of color, being a blending of amber, carmine and cream. One of the finest Roses on our list. Price, 20 cents each.
Golden Chain, or Climbing Safrano.—(Reve d'Or.) A beautiful pillar Rose, being a strong climber. Color orange-yellow, or deep saffron, good size, full and sweet. Price, 10c each.
Gold of Ophir.—(Ophire.) Nasturtium-yellow, suffused with coppery-red. One of the most beautiful of the climbing Roses. Price, 10 cents each.
James Sprunt.—Deep, velvety-crimson, and very double. Price, 10 cents each.

- Lamarque.**—Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. A rampant climber. Price, 10 cents each.
Marchal Neil.—A beautiful deep sulphur-yellow. For description see page 7. Price, first size, 10 cents each; good plants, 25 cents each; extra strong plants, 50 cents each; grafted plants, one year old, \$1.00; two years old, \$1.50; three years old, \$2.00.
Mary Washington.—New, hardy. A lovely white climber. See page 7 for description. Price, 15 cents each.
Pink Rambler.—New, hardy. Lovely pink. See page 6 for description. Price, 10 cents each.
Reine Marie Henrietta, or Red Flowering Gloire de Dijon.—A strong, vigorous grower, flowers large, full, and of fine form. Color a pure cherry-red, and sweet scented. Succeeds well in the South. We get hundreds of letters from our patrons in the South and California praising this Rose. Price, 10 cents each.
Reine Olga de Wurtemberg.—Color rosy-crimson, suffused with yellow. See page 7 for description. Price, 15 cents each.
Solfaterre.—Fine, clear sulphur-yellow, large, full and double; very sweet. Price, 10 cents each.
Waltham Queen.—New, hardy. Rich red flowers of magnificent size, a vigorous climber. Price, 20 cents each.
White Rambler.—New, hardy. Pure white. See description page 6. Price, 10 cents each.
White Marchal Neil.—Identical with the yellow Neil, except color of flowers, which are pure white. Price, 25 cents each; large two-year-old plants, \$1.00 each.
William Allen Richardson.—Orange-yellow, with outer petals lighter, center coppery-yellow. Very rich. Rapidly becoming popular. All rose growers, where the climbing Teas are hardy, should plant this beautiful Rose, as it is a unique and lovely shade of yellow; something entirely distinct in climbing Roses. Price, 15 cents each.
Yellow Rambler.—New, hardy. Rich yellow. See description, page 6. Price, 15 cents each.
Zela Pradel.—Vigorous climber. Has lovely pure white buds. Flowers are full and sweet. Price, 10 cents each.

THE NEW JAPANESE Rambler Roses

Rose Growers everywhere will hail with delight the announcement that we have to offer them as companions to the famous Crimson Rambler three other distinct colors of Rambler Roses. They are all hardy, and the most charming of all Climbing Roses. There is no Rose of any class or kind that will compare with Crimson Rambler for beauty in any respect. It is a Gem.

The four Rambler Roses, all different colors, sent for only 35c.; large two-year-old plants, the four for \$1.60.

New Yellow Rambler.

(AGLAI.) Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardness was one that it seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose, we think that this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are borne in immense clusters, after the same manner as, the Crimson Rambler, often as many as one hundred and fifty blossoms in a branch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. Price, 15 cents each; large two-year-old plants, 50 cents each.

CAUTION: There are other so-called Yellow Ramblers that do not possess any features that would entitle them to be coupled with the Rambler family, lacking hardiness, vigor of growth, and the habit of blooming in trusses like Crimson Rambler; therefore, do not accept any unless it is LAMBERT'S YELLOW RAMBLER. Do not miss getting this beautiful new Rose. IT IS ONE OF THE GREATEST NOVELTIES OF THE YEAR.

New Crimson Rambler.

The plant is of very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter. It is covered with flowers from the ground to its very top. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. A correspondent of the *London Garden* writes in the issue of July 14, 1894: "With me at this date (July 6) this Rose is grand. I have a dozen large plants on prepared land or turf. I did not prune much, merely shortening back and placing stakes to support the long growths. I gave a liberal mulch early in the Spring, with the result that the growths are very strong, and the clusters of bright crimson flowers at this date are beautiful. On one shoot alone I counted over three hundred blooms." Price, 10 cents each; large two-year-old plants, 50 cents each.

New Pink Rambler.

(EUPHROSYNE.) The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful climbing Roses. We now have the Crimson Rambler, the Yellow Rambler, the White Rambler, and the Pink Rambler. This Rose is as charming as any of its rivals, embracing all their good qualities of hardiness, vigorous growth, profuse blooming and delightful fragrance. Be sure and have a set of the Rambler Roses. Price, 10 cents each; large two-year-old plants, 50c each.

New White Rambler.

(THALIA.) This charming new Rose of the Rambler varieties is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is without question the best climbing Rose extant. Price, 10 cents each; large two-year-old plants, 50 cents each.

THE RAMBLER ROSES ARE HARDY EVERYWHERE.

YELLOW RAMBLER.

FIVE GLORIOUS CLIMBING ROSES.

We here offer five of the most glorious of all Climbing Roses, each one being distinct in itself, embracing Crimson, Pink, White, Yellow and intermediate shades. Nothing like this offer has ever been made. They are all Ever-bloomers, and will be sure to please you. In ordering, say "Five Glorious Climbing Roses." When you possess these Five Glorious Climbing Roses you have the very best you can get anywhere in the whole world. Try them.

SPECIAL OFFER.—The five Climbing Roses, costing 60 cents, sent for only 50 cents. The five Roses in large two-year-old plants, including a fine one-year grafted plant of the Marechal Neil, for only \$2.50

Wonderful New Climbing Rose,

EMPRESS OF CHINA.

THIS is a new Climbing Rose of the greatest excellence. It was brought to this country by a gentleman from Cuba, who says of it that it commences to bloom in May, and is loaded with its elegant blooms until December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been the great objection to Climbing Roses that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. It is simply wonderful. When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy, and is a vigorous grower. Don't fail to try this beautiful Rose, as it will please you. Price, 15 cents each; large two-year-old plants, 50c each.

MARECHAL NEIL.

A BEAUTIFUL deep sulphur-yellow, very full, very large and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful golden-yellow flowers. Especially desirable in the South. We sell annually fifty thousand of this Rose alone. We have a grand stock of this variety. Price, first size, 15 cents each; fine plants, 25 cents each; extra strong plants, 50 cents each. It will pay you to buy strong plants.

NOTE.—The Marechal Neil has weak roots until it gets well established. This is the cause of so much failure with this most desirable Rose. We have grafted plants that will be sure to live. Price, one-year-old plants, \$1.00; two-year-old plants, \$1.50; three-year-old plants, \$2.00. These are extra fine plants of this Rose. By far the best you have ever seen offered, and will be sure to please and delight you. We have an excellent stock of over five thousand strong, grafted plants of Marechal Neil.

MARY WASHINGTON.

THIS is no doubt the most famous Rose of the century, made so by the history with which it is associated, the original Rose bush being planted by no less a personage than George Washington. It is a lovely Rose, and usually comes in large clusters of the purest white, and very fragrant. It will live out anywhere, as it is perfectly hardy. A perpetual bloomer. Price, 15 cents each; large, two-year-old plants, 50 cents each.

REINE OLGA DE WURTEMBERG.

THIS is a splendid Rose. Should be grown where the Marechal Neil succeeds. This variety as grown in the south of France is simply indescribable. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color rosy-pink, suffused with yellow and fawn. Price, 15 cents each; large two-year-old plants, 50 cents each.

The Grand New Velvety-Red Rose,

CLIMBING METEOR.

THE BRIGHTEST-COLORED OF ALL ROSES. IT HAS BEEN CALLED A PERPETUAL-BLOOMING CLIMBING GENERAL JACQUEMINOT.

ALL who know "Gen. Jack" will call to mind its beautiful, high-colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in a season. In bloom all the time, as it is a true ever bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth, and is literally loaded with its deep, rich, red flowers all the time. The flowers are much larger than the Meteor, and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor. Price, 15 cents each; large two-year-old plants, 50 cents each.

POLYANTHA, OR FAIRY ROSES.

NOTICE.—We cordially recommend these exquisite Ever-blooming Fairy Roses. They are of a shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before Winter begins.

Price, 10 cents each; large two-year-old plants, 25 cents each.

Eliza Chatrand.

One of the most lovely of all Roses, having lovely rose-colored flowers, elegantly penciled and touched with ruddy saffron. Very free bloomer.

George Pernet.

It is continually in bloom, the flowers being quite large for this class, of a beautiful, flat form. The color is a very bright rose, with touches of yellow, and passes to peach-blow, with silvery-white shadings. The prettiest of all Polyanthas.

Cloire de Polyantha.

A beautiful Fairy Rose. Flowers large, perfectly double, and deliciously sweet. Color a fine citron-rose, elegantly flushed a pale carmine.

Golden Fairy.

This is a lovely Rose. Very free-flowering, color rich golden-yellow. Entirely distinct.

Jeannie Drivon.

Color light flesh, changing to white. Very perfect, double flowers.

Mignonette.

A lovely Fairy Rose. Full, regular flowers, perfectly double, and deliciously perfumed. Color a clear pink, passing to white, tinged with pale rose.

Mrs. E. A. Nolte.

A lovely shade of chrome-yellow. A new color in Polyanthas. Very beautiful.

Mademoiselle Cecile Bruner.

Larger flowers than any of the others, perfectly double and delightfully fragrant. Color a rosy-pink, on a rich, creamy-white ground.

Miniature.

This is the smallest of all Roses, but perfect in form, regular compact, fairy-like flowers, fully double and very fragrant. Flowers in wreaths and clusters almost covering the whole plant. The color is a cream-rose, flushed with a peachy-red.

Paquerette

We consider this the best of all the Polyantha Roses. The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling the blossoms of the double-flowering cherry, and fully equals the double white Primrose in profuse blooming during the Winter. This is a variety that every one is pleased with.

Petite Leonie.

The most delicate in coloring of any Rose. Pure white, faintly touched with pink. A charming Rose.

Princess Marie Adelaide.

Large, double, deep pink flowers, better than Pink Souper. A gem in every way.

Perle d'Or.

Charming and very distinct. Color a coppery-gold, changing to fawn and salmon, flat-rayed form, very double and elegantly perfumed.

SPECIAL OFFER.—The set of thirteen Fairy Roses, named, for \$1.00. Any six for 50 cents.

"Ironclad" Collection of Fourteen Hardy Roses, \$1.00

INCLUDING ONE CLIMBING AND ONE MOSS ROSE.

These Roses are as hardy as an oak, will live through the Winter anywhere. This collection cannot be divided, but must be ordered complete. In ordering, say "Ironclad" Collection of Roses, and we will understand what you want.

Large two-year-old plants, 40 cents each; three for \$1 00; or entire collection of fourteen for \$3.00

Seven Sisters.—A rampant, hardy climber, bearing flowers in large clusters. Deep blush, changing as the flower gets older to carmine-rose and white, the whole plant appearing a perfect mass of bloom, and making a charming effect.

Glory of Mosses.—This, when it has become well established, is one of the most beautiful Roses imaginable. The open flowers are very bright and of most delicious fragrance. Color a rich, glossy pink, tinged crimson, large and globular. The buds are almost hid with beautiful green moss. A superb sort, and easily grown.

Madame Joseph Desbois.—A most vigorous grower and persistent bloomer. The flowers are very large and double, on long, stiff stems, of fine, waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow-white. This we commend as being a very desirable sort. We had buds on this Rose four inches through. A veritable beauty.

General Jacqueminot.—A rich, velvety-crimson, changing to scarlet-crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

Charles Dickens.—This we regard as a most wonderful Rose. It is vigorous in growth, the leafage is large and fine, and the flower startles all who see it by its great size and loveliness. The color is a rich, glossy carmine, tinged with bright crimson, large, globular flowers, full and sweet.

Paul Neyron.—Deep, shining rose, very fresh and pretty. Flowers large, often measuring five inches in diameter, and it has this merit, though very large, the buds always develop fine, perfect Roses. It is, moreover, a good, strong grower, with nice, almost thornless stems, which often attain six to seven feet in a single season. We know no Rose possessing so many good points to recommend itself as Paul Neyron. Grown by thousands in the eastern cities for its good, free-blooming qualities.

Comte de Paris.—A new Rose of great promise, bright, vivid, poppy crimson when first opening, becoming darker and delicately shaded with carmine as the flowers expand. Very large and full, petals of good substance and very sweet. A magnificent Rose.

Anna de Diesbach—(*Glory of Paris*.) Brilliant crimson, sometimes shaded with bright maroon, long, pointed buds and large, finely formed, compact flowers, very full and sweet. One of the best.

Gloire de Lyonaise.—This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called a deep yellow, but rather a pale shade of chamois or a salmon yellow, deepest at center, sometimes passing to a rich, creamy-white, finely tinged orange and fawn. The flowers have all the beauty of Tea Roses, and are large and full, and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you.

Oscar II, King of Sweden.—This is by far the richest Rose yet introduced. It is so intense in color that the exclamation on seeing it is, "Oh, that lovely black rose!" It is very velvety in texture. A most superb Rose, and one that will always be found in the standard list of Roses, as it has come to stay.

Mrs. John Laing.—An elegant, new, constant blooming hybrid perpetual Rose. One of the very finest of its class. Color a clear, bright shell pink, exquisitely shaded. The buds are long and pointed, the flowers extra large and full, borne on long stems and exceedingly sweet. Valuable both for open ground and greenhouse culture. A most exquisite Rose.

Marshall P. Wilder.—This fine new Rose originated in this country, and was named in honor of the venerated President of the Pomological Society. It is a Rose of unusual excellence. Flowers are large, semi-globular, full, and of good substance. Color a bright, scarlet-crimson, richly shaded with maroon, very fragrant, and a free bloomer.

Albane d'Arneville.—Splendid new pure white hybrid perpetual, commences to bloom almost as soon as planted, and blooms all through the Summer until late in the Fall. The flowers are pure white, sometimes very faintly tinged with pink, very large, very double and full, and delicately perfumed. Extra fine.

Gustave Piganeau.—Flowers extra large, equaling Paul Neyron in size, double, and of cup form. Color a beautiful shade of bright red and brilliant carmine. Received four medals, and was illustrated in *Journal des Roses*. This is the finest hybrid of recent introduction. The bud is very large and full. We believe this to be the very best crimson hybrid Rose grown.

THE FIVE NEAREST BLACK ROSES.

The Set of Five for 50 cents; the Set in large two-year-old plants for \$1.50, or 40 cents each.

If you wish the nearest black Hardy Hybrid Perpetual Roses, you should order the varieties named below. They are the darkest of any, and exceedingly beautiful. Like the Ironclad Roses these Roses are hardy anywhere in the United States.

Baron de Bonstetten.—Has splendid, large flowers, very double and full. The color of this Rose is a rich, dark red, passing to a deep, velvety maroon. It is highly scented and very beautiful.

Prince Camille de Rohan.—A very dark, rich, velvety-crimson, passing to intense maroon, shaded black. Large, full flowers looking at a little distance as if they were really black. One of the darkest roses and very handsome.

Black Prince.—A superb Hybrid Perpetual Rose, a very dark, blackish red, richly shaded with violet-crimson, extra large,

full flowers, delightfully perfumed, good, bushy habit, a hardy and vigorous grower and free bloomer. One of the very best dark Roses.

Souvenir de Duchere.—A superb Rose. Extra large, compact flowers, very full, double and sweet. Color a beautiful and brilliant scarlet, deepening to dark, glowing crimson. Very rich and handsome.

Antoine Quilhon.—Extra large flowers, very full, compact and regular form. Color a rich, violet-crimson, elegantly tinged and shaded maroon-red, a free bloomer and very sweet.

SPECIAL OFFER.—The "Ironclad" Collection and Five Nearest Black Roses for \$1.25.

General Collection of HARDY ROSES.

New Japanese Trailing OR Memorial Roses.

Price, 10 cents each; the five Memorial Roses, both double and single, for 40 cents; large two-year-old plants, 40 cents each.

These valuable Hybrids of the well known Wichuriana Rose are first offered for sale this year and are novelties of sterling merit. Those who are familiar with the good qualities of the single white Rose Wichuriana will be glad to obtain these beautiful Hybrids of the Wichuriana Rose, which is of great value in ornamental gardening on account of its beautiful foliage. These new varieties will make this class of Roses still more valuable, as three of them are double—the flowers of one being white, another rose color, another shell pink—while the single variety is a bright pink—the whole forming the most remarkable group of Roses. The flowers are produced in the greatest profusion, and as the plants are extremely vigorous, a plant two or three years old will produce thousands of the most exquisite flowers, deliciously fragrant, and lasting a long time in perfection.

While the growth is creeping and indispensable for covering the ground in ornamental gardening, the plants are so adapted for training on trunks of trees, pillars, posts, trellises, or any other purpose for which a climbing Rose is desirable. The double varieties, on account of the freedom with which they bloom, will be valuable for cut flowers, and will also prove of exceptional value for pot plants for Spring sale. It is thought that they will be as valuable for this purpose as the celebrated Crimson Rambler. We shall be very much disappointed if these new Hybrids do not obtain a commanding position among Roses.

Mauds's Triumph.—Produces large clusters of well-formed double flowers of pure white, two inches in diameter.

Universal Favorite.—Double flowers of a beautiful rose color, over two inches in diameter.

South Orange Perfection.—Produces multitudes of the most perfectly formed double flowers about one and a half inches in diameter, soft blush pink at the tips, changing into white and lasting a long time in perfection.

Pink Roamer.—Single variety; flowers nearly two inches in diameter, bright, rich pink, with almost white center and orange-red stamens.

Rosa Wichuriana,

The Single White Memorial,
Or Japan Trailing Rose. ❧

A trailing species of very rapid growth, creeping on the ground almost as closely as the Ivy. For covering the ground among shrubbery and rocks it has no equal, and is of great value in ornamental gardening on account of its beautiful foliage, which is bright green, shining as if varnished, and of an almost evergreen character—remaining green until nearly midwinter—making it attractive at all seasons of the year. It is especially beautiful when covered with its long, showy clusters of white blossoms, which are produced in the greatest profusion during the entire month of July and more sparingly throughout the season. The flowers are single, pure white, fully two inches across, with yellow stamens, and have a delicate perfume. This must become one of the most popular plants for parks and private places. Price, 10 cents each; large two-year-old plants, 40 cents each.

Splendid Perpetual Flowering Moss Roses.

Price of these Perpetual-Flowering Moss Roses, 25 cents each; large two-year-old plants, 50 cents each.

New Perpetual Moss Rose, Mousseline.—Extra fine, large, very full and delightfully fragrant. Color a pure white, sometimes shaded a rosy-blush. Elegantly mossed and very beautiful. A continuous bloomer.

"Perpetual White" Moss Rose.—One of the most mossy varieties, prettiest in bud. The flowers are of medium size and borne in clusters, fragrant, but not very double. Color a pure white.

Perpetual Moss Rose, Blanche Moreau.—New, and highly recommended. Flowers are produced in clusters, and are large, full and sweet. The color is a pure white, and both flowers and buds have an abundance of deep green moss.

Perpetual Moss Rose, James Veitch.—One of the finest Perpetual Moss Roses. It has extra large flowers, very fragrant and full. The color is a bright carnation red, very fine. It is a splendid Rose.

Hardy Climbing Prairie Roses.

These are climbing Roses that are perfectly hardy everywhere, and are consequently of the greatest value. They can be readily trained to a height of from ten to thirty feet, as they grow with great vigor. They bloom the second year, and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants. At least one of these hardy climbers should be found in every Rose garden north of Tennessee. The flowers are produced in large clusters. When it is desired to cover walls, unsightly buildings, etc., with

MEMORIAL ROSE PLANTED IN CEMETERY.

Roses, none will be found to do the work so efficiently as varieties of the Prairie Rose.

Price, 10 cents each; any three for 25 cents; large two-year-old plants, 25 cents each.

Anna Marie.—Blush, very large clusters, has few thorns. It is an excellent variety.

Baltimore Belle.—Pale blush, variegated carmine rose and white, very double, flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best climbing Roses.

Bennett's Seedling.—An Ayrshire or Scotch Rose, and a vigorous runner, flowers are white, very double and fragrant, and borne in great profusion.

Caroline Goodrich, or Running General Jacqueminot.—This new Hardy Climbing Hybrid Tea Rose has finely formed, very double flowers, and its fragrance is most delicious. The color is the same as General Jacqueminot. It makes a growth of from twelve to fifteen feet in a season.

Dundee Rambler.—The old-fashioned Scotch Climbing Rose, entirely hardy, bears elegant, rich, red Roses of the largest size in great profusion. This we think the best of the hardy climbers.

Greville, or Seven Sisters.—Flowers in large clusters, and varies in color from white to crimson.

Mrs. Hovey.—This is an improved Seven Sisters, being more hardy, flowers in large clusters. It is better in every respect than the Seven Sisters.

Milledgeville, or Pride of the South.—A splendid variety. Color a rich, satiny-pink, very fresh and beautiful. Fine, large, globular flowers, full, regular form, very double and sweet. A profuse bloomer, and quite hardy.

Pride of Washington.—A brilliant amaranth, shaded rose center, large clusters and very double. A fine climber.

Queen of the Prairies.—Flowers very large and of peculiar globular form. A bright, rosy red, changing to lighter as the flower opens. Of very strong, rapid growth.

Russell's Cottage.—Dark, velvety crimson, very double and full, a profuse bloomer and strong grower. A very desirable climbing Rose.

Superba.—A splendid sort. Large, full and double, bright rosy pink, clear and beautiful. It blooms in continuous clusters.

Tennessee Belle.—Flowers a bright, beautiful pink. It is more slender and graceful in growth than either of the other varieties.

The Lady Banks, or Banksia Roses.

These are fine climbing or trailing Roses. Good for the South and Pacific coast, where the Winters are not too severe. They require two or three years' growth to bloom to perfection, and are then very beautiful. As the flowers are produced on the old growth, they should be pruned but very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, and are the size of a silver dime. They are produced in large clusters, and have a decided violet perfume. Indeed, if blindfolded, you could not by the odor distinguish them from Violets.

White Banksia, Alba Grandiflora.—A pure untinted white variety. Price, 15 cents each.

Yellow Banksia, Fortunei.—A rich, golden-yellow variety. Price, 15 cents.

The two varieties for 25 cents; large plants, 50 cents each.

— ✨ — “EXHIBITION” 1898 ✨ — SET OF CHRYSANTHEMUMS.

The Chrysanthemums named on this page are the choicest productions from all exhibitions and sources for the year 1898. Our patrons can rely on them being each and every one the very choicest color, as awards are not given until the judges are satisfied that they are better than any existing sorts. So if you wish to be up to date, and have the very best, order this set.

LORNA DOONE.

This variety is of mammoth size, of robust habit, with magnificent foliage, purest snow-white in color, very broad, heavy deep flower, measuring fourteen inches in diameter. When the flower is several days old the outer petals curl and interlace. Probably the largest of all whites, and no doubt the very best. This charming variety has taken prizes wherever shown. It is as pure in color as its namesake was in character in Blackmore's beautiful romance.

SUNDEW.

An exhibition bronze. This is an elegant grower. Heavy, stocky stems, and clothed throughout in fine foliage. Height four feet. The flower is of immense size, crowded with petals which are stiff and of great substance. Form incurving, depth about three and one half inches. A most imposing bloom. Color Indian-red, faced with bronze. Received \$50 premium at Indianapolis as best bronze.

BELLE OF CASTLEWOOD.

One of the grandest varieties of the year. Flowers of immense size, almost spherical, outer petals recurving slightly, quite double, and carried on a good stem. The color is a soft lemon, suffused with pink. This is the variety that took the silver cup at Madison Square, offered for the best pink seedling; also first-class certificate at same time and place. Also certificates at Indianapolis. It missed the premium at Indianapolis through being ruled out of the pink class, where it had been entered as not being self pink, but was pronounced one of the finest on the table.

HER MAJESTY.

The sensational variety of the year. It has won prizes and certificates wherever shown. It is an enormous globular Japanese, with broad, incurving petals. Color white, shading to pale lemon, stiff stems and nice foliage. Grows about four feet high. The flowers are often twelve inches in diameter. It is undoubtedly the most meritorious variety of the year.

DEFENDER.

This is the richest deep crimson variety we have ever seen, and excels in its color as Golden Wedding does in yellow. The color is of the richest velvety-crimson, which, in the flower itself is soft and velvety-like. The outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form is flat, with drooping outer petals, which gives it a very graceful appearance. This is the popular form, and combined with the splendid color stamps Defender as a Chrysanthemum of rare merit.

GOLDEN TROPHY.

Largest yellow in existence. This magnificent new Chrysanthemum was exhibited last Fall measuring over fifteen inches in diameter, and is, without exception, the largest yellow Chrysanthemum ever introduced. The color is deep, rich yellow, the half expanded flower incurving. In the fully expanded flower the petals are reflexed, showing a yellow disc. Some idea of the value of the new sort may be formed from the fact that the introducer had the entire stock sold one year in advance. The flowers are of enormous size. We have no hesitancy in saying that we regard this the best of all yellow Chrysanthemums.

MARQUIS MORTEMARTE.

A superb, clear Mermet rose-pink, petals thick and heavy, cup-shaped, solid to the center, immense in size, having been exhibited eleven inches across. Habit the best, stems stiff and erect, covered with most luxuriant foliage. The best pink in commerce. Awarded silver medal by Pennsylvania Horticultural Society, certificate of merit at Madison Square Garden Exhibition, and was one of the varieties winning the Spaulding prize at Philadelphia for best six new seedlings.

Price, 10 cents each;
The set of ten for 75
cents. Any five for 40
cents. : : : , : :

JOHN SHRIMPTON.

Incurved Japanese bloom of large size and high-built, solid form. Deepest crimson, nearest approach to black. Never burns as crimsons are apt to do. Strong, healthy habit. Winner of silver cup at Madison Square Garden, 1895, for best seedling; silver medal at Philadelphia; first prize at Madison Square Garden, 1896, for best seedling exhibited previous to 1897, and superior to existing varieties.

SUNSTONE.

Robust habit like “The Queen.” Petals hook up at the end, showing the light straw reverse; upper surface bright yellow, shading to red at the base. The flower being flat, shows the three colors to advantage. The most beautiful combination of colors yet produced. Five feet high, seven inches in diameter. Awarded first-class certificate by the National Chrysanthemum Show, England.

WESTERN KING.

In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. It is the most popular style, immense incurving, broad, channelled petals, of great substance and the purest white. A perfect ball of snow. Sixteen to eighteen inches in circumference. We think this variety does not possess a single fault.

Lansdowne Park Collection of Sun-proof Bedders. The 16 Best Double Geraniums, \$1.00

Price, 10 cents each; any eight for 50 cents.

The sixteen Double Geraniums embraced in this collection we have selected from our large collection of over two hundred kinds, as the very best. In fact, there are no better Geraniums than the ones here named. Say "Lansdowne Park Collection of Geraniums" when you order, and we will understand what you want.

We propose to keep our Lansdowne Park Collection of Geraniums up to the highest standard of excellence. We have as yet found no varieties among the numerous new ones to take their place.

Centaur.

The new mammoth Centaur Double Geranium is the best large-flowering double pink Geranium in cultivation. Any one seeing a specimen truss cannot fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white. In most large-flowering Geraniums, when in full flower, the center of the truss is faded, while new florets are coming into bloom around the circumference, but in the Centaur most of the florets bloom at once, and when in full bloom the truss is almost a spherical ball of rich, glowing pink. This variety is either suitable for bedding or pot culture.

Gloire de France.

Large, round florets, of waxy appearance, colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we have.

Madame Hoste.

Umbels large, flowers of enormous size, color flesh, lined and shaded with bright salmon. The shading is simply exquisite.

Sergeant Bobillett.

Color a beautiful vinous rose, with distinct white center. This variety produces fine individual florets, and combined with its other good qualities makes it a valuable Geranium.

Bed of Gold.

It is of a rich, golden-orange shade, its large trusses opening freely, the habit being as free and robust as that of any other variety. The yellowest of all Geraniums.

Gertrude.

Color of the flower a clear, bright salmon, with center and outer edges touched with white, and with soft shadings of carmine, velvety in texture, and of the most beautiful semi-double form. A fine bedder.

Madame Amye Chevaliere.

Trusses are grand and well above the foliage, flowers of the largest size. This is the largest and finest double white yet introduced. The habit is perfect, and it is very free, both in growth and bloom.

S. A. Nutt.

This is the darkest and richest Geranium grown. It is a very bright, dark, deep, rich, velvety-maroon, an excellent bedder and a perfect pot plant. One that must find its way into every collection.

M. L. Fages.

This is a compact grower, with beautiful foliage, nicely zoned, and bears a good-sized truss of very large semi-double flowers of a clear orange color. A very beautiful and tree variety.

Le XVI Juliet.

The plant is very dwarf and bushy, but vigorous. Monstrous trusses on long footstalks. Color a rich salmon, intermingled with white.

CENTAUR.

Tour Eiffel.

Color bright orange-scarlet, somewhat in the way of the variety Bruant. It is a strong, vigorous grower, making a distinct place for itself in its class. Semi-double.

Clara Kisker.

Large trusses of well expanded flowers of a bright scarlet, toned and flamed with a rosy-salmon, and a flower of most expressive appearance, and one that will be much admired by all.

Alfred Tennyson.

Very large trusses, composed of very large flowers, semi-double. Color a clear orange, petals marked with heliotrope.

Mary Hill.

Carries the largest and most perfect truss of any of the pink doubles. A grand bedder of compact growth.

La Favorite.

In this new Geranium, introduced last year, we believe we have the finest double white Geranium in cultivation. It is a dwarf, compact-growing variety, the foliage is a bright, healthy green, with a band of darker green encircling each leaf. The flowers are borne in large trusses, of the purest snow-white, retaining this pure whiteness even in the height of Summer, and for Winter blooming they are all that can be desired. While "White Swan" is a beautiful variety, yet La Favorite is quite in advance of it. Do not fail to add this charming variety to your collection.

Bruant.

This magnificent Geranium is the product of Monsieur Bruant, of Poitiers, and is the beginning of a new and distinct-habited section in the Zonal Geraniums. It is very difficult to describe the difference between this type and the ordinary Zonal Geranium, but the characteristics of this variety are observed at a glance when placed beside older varieties of the same family. The leafage is round and nicely zoned, having greater texture and substance than even the most vigorous of the older type. Color of the flower a light vermillion-red, of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up, trusses exceptional in size and borne in immense spherical balls often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots. The very finest scarlet bedder.

The Sixteen Best Single Geraniums for \$1.00

"WASHINGTON PARK" COLLECTION OF SUN-PROOF BEDDERS.

Price, 10 Cents Each.
Any Eight for 50 Cents.

THIS COLLECTION OF SINGLE GERANIUMS is the very best varieties from a careful selection of our unrivaled collection of one hundred and fifty kinds. You should try them. They will not disappoint you. Simply say "Washington Park" Collection of Geraniums, and we will understand what you want.

Souvenir de Mirande.

The greatest novelty in new Geraniums. It is entirely distinct from any other variety known, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets, upper petals cream-white, with a distinct rosy-pink border, lower petals salmon-rose, streaked with pure lilac. A most novel color. It is extremely free-flowing, and produces fine trusses of magnificent blooms.

Christopher Columbo.

Enormous trusses and freely produced, a bright cinnabar-orange color, very distinct and fine, a bushy growth.

Jules Ferry.

Splendid trusses on long, rigid foot-stalks, which are held above the foliage. The ideal of a bedder for massing. Color a soft scarlet, stands the sun finely, and presents a mass of brilliant and effective color.

Pauline Lucca.

Beautiful trusses of pure ivory-white. The purest white Geranium. A grand acquisition.

M. Poirier.

Soft, vinous rose. Prettiest Geranium in this color. Markings on upper petals that remind one of fancy Pelargoniums. Florets medium-sized, medium trusses, very fine, distinct. First-class certificate from the Royal Horticultural Society.

Copernic.

Florets perfectly round, a lively, beautiful shade of rosy-carmine, changing to bright salmon at base of petals, small, white eye. Very large truss of florets on long foot-stalks, a very noticeable color, quite distinct. First-class certificate of Royal Horticultural Society, London.

After-Glow.

A light, clear salmon, blended darker shades, center pure white, edge of petal white. The yellowish-salmon gives it a peculiar shade seldom seen on Geraniums.

Renaissance.

Grayish-rose, with white center, upper petals flamed with orange, plant of splendid habit, freely bearing trusses of perfect form and large size. Distinct and fine.

Electric Light.

The best new Single Geranium we have seen. A beautiful shade of vermilion-scarlet, large and perfect form, its most distinctive feature from existing varieties is its perfectly pure white, large eye.

Arc-en-Ciel.

Trusses extra large, immense florets. The shades are beautifully blended. The three upper petals have soft rose centers, shading into scarlet edges. Two petals are scarlet, then rose, then orange near the center. The texture is velvety.

Leon Perault.

Our ideal bedding Geranium. Grows finely, but is not coarse, is completely covered with fine trusses of dark, rich scarlet. We pronounce this one of the best bedding varieties. In the way of the old Queen of the West, but with much richer flowers. Unquestionably a valuable bedder.

Poete Nationale.

Color as delicate pink as Rose Baroness Rothschild, deepening to a soft peach bloom, a mingling of shades heretofore found in the "Lady Washington" class. A perfect Single Geranium of an entirely new shape.

Columbus Gem.

Extra large florets of perfect shape, form in large trusses, well above the foliage, a bright, varied pink, large, clear, white eye. It will prove a variety of merit.

Trophee.

Soft, rosy, flesh-colored flowers, tinted and tinged with dark lilac. A most novel color, and a variety charmingly distinct from all others.

Vive L'Amerique.

A fine specimen of the new combination, and white marblings of colors, heliotrope pink, with touches of purple. Flowers of immense size, habit dwarf, and very free. Fine trusses on long stems.

Swanley Gem.

A grand new Geranium of the brightest shades of rich, dazzling scarlet, with a large, distinct white eye. A truly magnificent sort. It blooms very freely.

OUR SPLENDID NEW IVY GERANIUMS.

These Geraniums are fine for baskets and vases, and are especially fine for pot culture in the house. They have the handsomest flowers of all the Geraniums. One of our local florists who grows for the home market a house full of these new Ivy Geraniums says that he sells as many of them as all other Geraniums combined. This speaks volumes for their loveliness. Try them.

“ “ “ PRICE, 10 CENTS EACH; THE SET OF SIX FOR 50 CENTS. “ “ “

IVY GERANIUM.

New Double Ivy Geranium, Comtesse Horace de Choiseul.—A fit companion of "Joan of Arc." The plant is vigorous, leaves without zones, flowers very large, two inches across, double and imbricated, in good trusses. Color a bright, golden-salmon. We have no hesitancy in saying that this is the rich-

est colored flower of any grown. All who see it say, "Is it possible that 's a Geranium flower?"

New Double White Ivy Geranium, Joan of Arc.—"This is one of the most beautiful plants that it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy-green leaves making a most effective background for the great cluster of snow-white flowers." The foregoing was our description of last year, and another season's trial makes us heartily endorse it.

New Double Scarlet Ivy Geranium, Peter Crozy.—A grand hybrid between the Zonals and Ivies, having the foliage of the former, but very heavy in texture, and while the forms of truss and florets are found only among the Ivies, the color is a soft, bright scarlet, with veinings of maroon. A most distinct and pleasing variety, being the nearest approach to a scarlet yet introduced. Habit of plant very dwarf and compact, and one of the most prolific flowering sorts in existence.

New Double Ivy Geranium, Souvenir Charles Turner.—One of the handsomest Ivy Geraniums ever introduced. Florets two and a half inches, in trusses six inches across. The color is a deep, bright pink, approaching scarlet in color, the upper petals feathered maroon. Quite double. Awarded numerous certificates.

Incomparable.—A most beautiful variety, producing flowers of the largest size, very regular in form, quite double. Color a lovely shade of rosy-carmine. No finer.

New Double Ivy Geranium, Galilee.—Another grand sort. One of the most remarkable of recent introduction. The trusses are of immense size, flowers very large and double, and of a most charming shade of lovely rosy-pink, varied with lilac. A magnificent variety.

GOLDEN BRONZE-LEAVED GERANIUMS.

Price, 10 cents each; three for 25 cents.

Bronze Bodder.—New. Brightest and best of all. Grand. **Crystal Palace Gem.**—Golden-yellow margin, central disc green. **Distinction.**—The leaves are encircled with deep black. **Exquisite.**—Large chocolate zone, golden-yellow center. **Marshall McMahon.**—Golden-yellow zone of dark chocolate. **Zulu.**—A bright yellow leaf, with almost black zone.

The set of six bronze-leaved Geraniums for 50 cents.

Golden Tri-Color Geranium, MRS. POLLOCK.

One of the most lovely of color plants. Color of leaves a bright bronzy-red, zone beited crimson and edged golden-yellow. A lovely combination. Price, 15 cents each; two for 25 cents.

SILVER-LEAVED GERANIUMS.

Price, 10 cents each; The set of four for 30 cents.

Madame Sallerol.—It makes a round, pretty plant, about one foot high and wide, foliage bright green, edged with pure white. **Snow Storm.**—Dark green foliage, distinctly margined with white. A robust grower. **Mountain of Snow.**—Strong grower, center of leaf bright green, broad, silvery-white margin, flowers scarlet. Good for bedding. **Happy Thought.**—Light cream, almost white center, with a dark green band about the light zone, edge of leaf a bright green.

SWEET-SCENTED GERANIUMS.

Price, 10 cents each; three for 25 cents.

Balm-Scented.—Delicious balm fragrance. **Nutmeg-scented.**—Small leaves, with nutmeg perfume. **Rose-scented.**—Two kinds, broad leaf and cut leaf. **Oak-Leaved.**—Resembling oak leaves, black center, green-bordered. **Shrubland Pet.**—Beautiful foliage, rosy flowers.

PELARGONIUMS,

or Lady Washington Geraniums.

We here offer four of the choicest new kinds of these, the most beautiful of all Geraniums. Price, 25 cents each; or the four varieties for 80 cents. You cannot buy these charming varieties so cheaply elsewhere.

Mrs. Robert Sandford.—(The New Double White.) The flowers are three inches across, of the purest snow-white, and perfectly double, and very free in bloom. You cannot imagine anything prettier.

Madame Thibaut.—(The New Double Pink.) The flowers are three inches in diameter, perfectly double, of the brightest, pure pink, beautifully ruffled edges. Very free in bloom.

Victor.—The flowers are a bright cherry-red, with white at the base of each petal, the two upper petals are dark crimson-maroon. The flowers are of immense size and very freely produced.

New Ever-blooming Pelargonium, Freddie Dorner.—It is a perpetual-blooming variety, usually commencing to bloom in December or January, and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded towards the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer.

PELARGONIUM

Carnation MONTHLY, OR EVER-BLOOMING.

Pinks. : : :

THE LATEST SPLENDID NOVELTIES.

"PEERLESS" COLLECTION OF
NEW CARNATIONS. " " "

Price, 10c each ; any three for 25c. The entire set of eight "Peerless" Carnations for 60c.

FAIRY PRINCESS. This is the most beautiful Carnation we know of. The flowers are very large and perfect in shape. The color is a pure snow-white, delicately penciled with bright crimson. Elegantly fringed. A charming variety.

JACK FROST. This variety is the largest white Carnation in cultivation. Often measures four inches in diameter. The flowers are of the purest white, with petals of great substance, making it one of the very best.

BON TON. This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant, dark red, shaded with the richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

YELLOW JACKET. The color of the flower is orange, flaked, and is broadly striped with delicate carmine. Very bright and attractive. Very fragrant. It has proved one of the freest bloomers within our knowledge, single plants often carrying forty to sixty buds and blossoms at one time. One of the very best varieties.

ABUNDANCE. Flowers very large and perfect in form. Color a bright, rosy pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

JUBILEE. Very dwarf, and of a nice, bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly-formed flowers. Color a rich, bright dazzling scarlet. We unhesitatingly recommend this sort.

DELLA FOX. Its color is almost indescribable. Of a rosy, orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

FIELD OF GOLD. This is a pure yellow Carnation, of strong growth and very profuse flowering. There is no stripe at all in it, being a straight out-and-out deep, rich, golden-yellow, without any color whatever, under any circumstances. The florets are large and double, as in Buttercup, and, taken all in all, it is the very best yellow Carnation out.

JACK FROST.

"Excelsior" Collection of New Carnations.

Price, 10c each ; any three for 25c. The entire set of eight "Excelsior" Carnations for 60c.

ARMAZINDY. The "Pink of Perfection." Probably the most beautiful Carnation yet introduced, and must become very popular. Flowers are a pure satiny-white, and marked and shaded with rosy-pink, good size, perfect form, never bursts. It is the strongest and sweetest-scented Carnation we know. A perfect beauty.

EMPRESS. The color is of the darkest and most intense velvety crimson maroon, very dark, and at the same time very bright.

PAINTED LADY. Another grand Carnation, with enormous-sized flowers, often measuring three and a half inches in diameter, and at the same time being one of the freest-blooming Carnations we have ever seen. Ground color of flower the purest white, very handsomely penciled with the richest crimson.

ALASKA. This beautiful white Carnation is remarkable for its extremely vigorous growth, very large flowers, perfect shape, purest white. Indeed, for size and freedom of bloom, purity of color, which is immaculate, sweetness of perfume that is delicious, vigorous growth, this variety has no equal. The best white by far out of a dozen varieties we have of that color.

HELEN KELLER. A most superb Carnation, one that has created a sensation everywhere. The flowers are very finely shaped, and they often measure four and one-half inches in diameter. Flowers a pure white, with distinct markings of Carnation-red.

SUNRISE. An entirely distinct color, orange ground, striped with crimson, flowers full, double-fringed, and of rich color and fragrance, unsurpassed by any variety in its profusion of bloom, and of a strong, vigorous, healthy growth, hitherto unknown in the yellow or orange colors. A variety certain to become a standard sort, as it possesses every good quality.

ROSE QUEEN. One of the most fragrant Carnations we have seen. Color a pure, soft rose, a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

TRIUMPH. This variety has been greatly admired wherever it has been seen, for its desirable color, being a beautiful, pure, rich pink, flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

Both the "Peerless" and "Excelsior" collections of Carnations, sixteen most distinct sorts, for only \$1.00. You cannot duplicate these for this sum elsewhere.

"PHENOMENAL" COLLECTION OF FUCHSIAS.

These are the very best varieties of the Fuchsias, and embrace all the colors known in this beautiful flower. Be sure and try them. In ordering, say "Phenomenal" collection of Fuchsias, and we will understand what you want.

Price, 10 cents each; three for 25 cents; or the 16 for \$1.00. Any eight varieties for 50 cents.

STORM KING.

New Double Perpetual-flowering, Weeping Fuchsia, Storm King.

—This grand plant is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. The buds, for two weeks before they expand, are balls of glowing scarlet-crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing scarlet-crimson as the buds, while the large double corolla is of delicate waxy whiteness, elegantly penciled with a deep and bright crimson. Its flowering quantities are most remarkable, for it is never out of bloom when it is in a healthy condition.

Sapaly Freres.—Color of sepals bright coral-red, corolla violet and carmine-red. One of the most beautiful and distinct of the Fuchsias.

Crepuscle.—Superb double variety, a fine, straight grower, plants of good shape, color of tube and sepals dark red, corolla violet, striped with rose.

Champion of the World.—Large double flowers, well reflexed, of a most beautiful coral-red, corolla most intense bright, dark purple.

Bland's New Striped.—The tube and sepals are a glowing crimson, corolla a rich, plum-colored purple, regularly and distinctly striped red rose.

King of Fuchsias. "Phenomenal."—The flowers are of enormous proportions, being very double, very broad and of great substance, well reflexed, of a most beautiful coral-red, corolla an intense bright sky blue. This is without comparison as a novelty. The largest Fuchsia grown.

Admiral Courbet.—A beautiful sort with enormous double flowers. Corolla a peculiar shade of deep violet, tube and sepals a bright red. A splendid variety.

Emmerelda.—One of the grandest and most distinct varieties. Tube is short, sepals brilliant red, corolla very large and brilliant, color a beautiful lilac, changing to a clear rose.

Rosain's Patrie.—A splendid white variety, in the style of that fine variety "Col. Dominic." A wonderfully free bloomer and quite early. Tube and sepals rosy-carmine, corolla of the purest white.

General Roberts.—A remarkable, beautiful variety of drooping habit. The blooms are from four to five inches in length, borne in large clusters, single corolla, of a rich plum color, tube and sepals crimson.

President F. Gunther.—A grand sort, with large, double flowers, the sepals delicate carmine. The corolla a bright lilac, darkened with violet. A beautiful and fine variety.

New Double White Fuchsia, White Giant.—The largest and best white Fuchsia grown. Fine form, very double. Color a pure white. This is a better grower than "Storm King," and superior to that variety, or in fact any of the white Fuchsias. We find it to be an excellent Winter bloomer. It gives us much pleasure to offer this grand Fuchsia.

Jules Monge.—New. Lovely sky blue, double corolla, banded with scarlet.

Jupiter.—New. One of the prettiest of all Fuchsias. Large, double flowers, of clear magenta with dark crimson veins. Don't fail to try it.

Monsieur Thibaut.—A splendid variety, with large, handsome foliage of a delightful green tint. The foliage alone would make it worthy of cultivation. The flowers are single, of unusual size, sepals dark red, corolla rose vermilion, tinted violet.

Black Prince.—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of its bright buds and blossoms of a beautiful waxy carmine or pink color. Certainly a plant of easy culture.

TWENTY ELEGANT EVER-BLOOMING PLANTS FOR

"SURPRISE"
COLLECTION.

This Collection of plants is selected so as to give great variety of flowers, and at the same time give continuous bloom all the year. Say "Surprise" Collection in ordering.

ANY EIGHT PLANTS FROM THIS COLLECTION FOR ONLY 50 CENTS.

\$1.00

New Ever-blooming Rose, Innocent Pirola.

INNOCENT PIROLA.

A famous variety, producing in immense quantities magnificently-formed buds and flowers. Color pure snow-white. Superb in every way.

New Ever-blooming Rose, American Belle.

The richest dark, velvety-red Rose in our whole collection. None better.

New Ever-blooming Rose, Mosella.

A beautiful new variety of great excellence. Sometimes called Yellow Souper. Its strong points are healthy, vigorous growth, wonderful freedom of bloom. Color creamy-white, base of petals deep yellow.

New Pot Hydrangea, Monstrosa.

New and rare. Very decorative for pot, box or tub culture. Stately and robust. Produces immense panicles of almost pure white flowers.

New Sanseveria Zealanica.

There are several kinds of this plant sold under this name, but there is a wide difference in the beauty of them. We have the true zebra-striped variety. Lovely for house culture. Leaves grow two to three feet in length, and are beautiful, striped crosswise with white variegations on a dark-green ground. Lovely.

New Royal Purple.

(*Strobilanthes.*)

This surpasses the finest Coleus in the exquisite coloring of its leaves, besides which the long racemes of lovely blue violet blossoms with which the plant is covered greatly enhance its beauty.

New Rose of Sharon,

Snowdrift.

This is the loveliest of all hardy shrubs. It is as hardy as an Oak, and bears pure white flowers, almost hiding the plant. It is very beautiful.

New Carnation, Jubilee.

This is the finest of all dark, velvety-crimson Carnations. A delicious clove fragrance.

New Carnation, Jack Frost.

An immaculate white-flowered variety. Flowers three to four inches in diameter, delicious clove fragrance.

Queen of Night-blooming Cereus.

Decidedly the grandest flowering plant in cultivation. Pure white flowers twelve inches across. The fragrance will fill the whole yard. People travel twenty miles to see it in bloom. It opens only at night. Anyone can grow and flower it.

SANSEVERIA ZEALANICA.

New Grevillea Robusta (Australian Silk Shrub).

A magnificent decorative plant, quicker growing than a Palm, and equally as effective. Finely-cut foliage, resembling a Fern.

Shrubby Verbena.

This is a charming plant. Always in bloom. The colors range from pure white to brilliant red. By many called Lantana.

VASE OF CHRYSANTHEMUMS.

New Chrysanthemum, Good Gracious.

A grand exhibition variety. Flowers beautiful pink in color, ten inches across. None better.

New Chrysanthemum, Golden Wedding.

The best of all deep, golden-yellow varieties. Has won fifteen first prizes and several gold medals.

New Violet, Lady Hume Campbell.

Of all delightful perfumes the violet is the most delicate and pleasant. This is the finest variety of all double blue varieties.

New Jasmine, Maid of Orleans.

Easily grown, even small plants bearing a profusion of double creamy-white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmynes, or indeed, for that matter, we know of no flower that emits such a delightful fragrance. It is sweeter than a Tuberosa, and that is saying a good deal for it. Will thrive out of doors and bloom through the season.

The Greatest of all Hibiscus, Sinensis Giganteus.

This is a plant for house culture during Winter or Summer, or for plunging outside during Summer. It blooms at all times of the year. The plants make a hard-wooded shrub like an Oleander, branching freely and flowering profusely, commencing to bloom when not more than a foot high. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson-scarlet color that they can be seen for a long distance like a flaming torch. It is hard to find anything among flowers more strikingly showy.

Crotons.

The Crotons are among the finest decorative foliage plants known. The leaves of all are more or less margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion, others broad and short, oak-leaved. Some recurve very much, others are twisted cork-screw like. The Crotons are fast becoming one of our most beautiful bedding plants. Try a Croton. We have fifty colors to select from.

New Rudbeckia, Golden Glow.

A hardy plant, growing eight feet high, branches freely, and bearing by the hundreds, on long, graceful stems, double blossoms of brightest golden-yellow. This plant is bound to become popular.

Cyperus Alternatifolius.

This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. Try it. It is a handsome, easy-growing plant.

Our "Columbian" Collection.

TEN FLOWERING BEGONIAS FOR 85 CENTS.

Price, 10 cents each, or the entire collection of ten varieties for 85 cents. Any five for 50 cents. In ordering, say "Columbian Collection of Begonias."

We reserve the right, should our stock become exhausted, to substitute others equally valuable.

Rubra.—If you can have only one Begonia, let it be a Rubra. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral colored flowers as large as a hand. Medium sized plants are frequently seen with more than twenty such panicles at a time. Among the individual flowers you will find three distinct forms growing side by side.

New Begonia, Dewdrop.—In the new Begonia Dewdrop we have the best flowering Begonia ever obtained. Its graceful flowers are produced in profusion all during the Summer and Winter. It is a dwarf, compact growing variety, the foliage is a bright, glossy green, with shell-shaped leaves and stems of light crimson. The blooms are produced in clusters of from six to eight florets, which are satiny white, with golden yellow stamens. When placed out in the sun during Summer, the color changes to a delicate shade of pink, with crimson stems, making a beautiful contrast. Unlike other Begonias. It is a profuse bloomer. Eighty-seven clusters of flowers have been counted on a single plant.

Bertha de Chateauricher.—Next to Dewdrop this is the freest flowering Begonia we have. It blooms the year round, makes a handsome window plant with its beautiful foliage and bright, currant-red flowers.

Thurstonii.—Foliage bright red underneath, metallic green on top, flowers beautiful shell-pink. Very lovely.

McBethil.—Of the Weltoniensis type, with very deeply indented leaves, which are fine and small. Shrubby in growth and very free flowering, being constant the year round. A fine Summer bedding plant, if given a light soil and perfect shade. Put it among your ferns. White flowers, waxy in texture, carried in panicles.

Zebrina.—An erect-growing variety, with a beautiful profusion of pendant leaves. Besides its graceful form the leaf is distinguished by its glistening, silvery shading following the leaf, the body being a very dark, velvety-green, underside plum color, vein green. Flower pure white. A beautiful variety.

Fuchsoides Coccinea.—Elegant free blooming variety. It resembles Hybrid Multiflora in growth. The flowers are a bright scarlet.

President Carnot.—The leaves are smooth, long, pointed and prettily blotched. The body of the leaf is a dark green, studded with bright silvery spots. Covered with handsome rosy-white flowers. A splendid house Begonia, being of quick growth, and having both handsome flowers and foliage makes it very desirable.

FLOWERING BEGONIA.

Argentea Guttata.—Purple bronze leaves, oblong in shape, silvery markings, and in every way a most beautiful Begonia. White flowers in large bunches. Splendid for house culture.

Alba Perfecta Grandiflora.—A Begonia that has never been appreciated like it should be, as it is really elegant, and we doubt if there is a white flowered variety that equals it. The foliage resembles Rubra in shape, but is a lighter green, while the flower panicles are much handsomer. A pure white flowering Begonia. Try it.

TUBEROUS-ROOTED BEGONIAS.

TUBEROUS BEGONIAS.

These are among the very handsomest of our Summer bloom-

ing plants, flowering throughout the season, and as fine and varied in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of burlap or canvas, some six or eight feet above them, merely to throw off the sun's rays, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry; and during hot weather they will take two waterings a day. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until February or March, when they may be started again.

SINGLE.—White, Yellow, Crimson, Rose, Scarlet. Price, 20 cents each; three for 50 cents.

DOUBLE.—In the same colors. Price, 40 cents each; three for \$1.00.

REX BEGONIAS.

REX BEGONIA.

These Begonias have the handsomest foliage of any plant. Price, 20 cents each; three for 50 cents. All distinct varieties.

"SUPERB" COLLECTION OF EVER-BLOOMING DWARF CANNAS.

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with their large, handsome trusses of bloom. Be sure and give them a trial. : : : :

PRICE OF PLANTS TO BLOOM THIS SPRING AND SUMMER, 15 CENTS EACH.
THE SET OF EIGHT FOR \$1.00. ANY FOUR FOR 50 CENTS.

Culture.—The soil can hardly be too rich and porous. Equal parts manure, loam and sand, with a little peat, form best mixture. Plants must be kept in a growing temperature of sixty degrees. Liberal supplies of manure water are of great benefit. Always when growing keep well watered.

FLORENCE VAUGHAN.

Conceded by all who have seen it to be the finest yellow spotted Canna. Flowers very large, of the most perfect form, with broad, overlapping petals nicely rounded at the ends. Color brilliant yellow, spotted with bright red. A strong, robust grower, and flowers very freely.

CHARLES HENDERSON.

Glowing crimson color, but of dwarf habit, growing about three feet in height, and bearing its immense, compact heads of bloom erect and well above the foliage. The form of the flowers is very fine indeed, well opened and of good substance, standing the sun well.

ALPHONSE BOUVIER.

This is the grandest of all Cannas for outdoor bedding. It is a very luxuriant grower in good ground. It begins to bloom very early and is one continuous mass of crimson the entire season. The tips of the shoots are surmounted by immense clusters of bright crimson flowers of the very largest size, and nothing can excel their brilliancy.

J. D. CABOS.

A strong grower, leaves lanceolate, green, strongly shaded with purple, flower stalks numerous, flowers large and round, color a rich apricot, with deeper shadings. Very striking.

FLAMINGO.

Flowers four inches in diameter, with almost flat face, forming a spike of glowing crimson color, once seen not soon to be forgotten. Very free, a plant often bearing three or four trusses at a time, and may almost be termed ever-blooming from beginning to the end of the season.

PAUL MARQUARD.

The individual flowers are large, and the flower spike very large, each flower standing out separately by itself. The flower is as fine as the finest orchid. The color is a bright salmon, with a carmine tint.

MADAME CROZY.

The color is a brilliant vermillion-scarlet, bordered with deep golden-yellow. The flowers are borne in great clusters, and in such profusion that they crown the plant with a blaze of glowing color.

EGANDALE Without the least hesitation we pronounce this the best of all dark-leaved Cannas for bedding that has yet come under our notice. Flowers are of good size, and borne in compact heads, and in such profusion that a bed of them is a perfect mass of color unequalled by any other sort. The color is a deep currant-red, of a peculiar and pleasing shade, and different from any other.

FLORENCE VAUGHAN.

NOVELTIES IN CANNAS.

Price, 20 cents each; the six for 75 cents; any three for 40 cents.

AUSTRIA.

The new Orchid-flowered Canna. The flowers are truly gigantic in size, the three upper petals spreading fully seven inches, and the form is really semi-double. Toward the inner part the petals show fine crimson spots. All the rest of the flower is of a most beautiful, rich canary-yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber.

PAPA CANNA.

Monsieur Crozy claims this variety as his finest variety to date, and it certainly is a grand addition to the already gorgeous array of reds. It is not quite three feet high. It bears immense spikes of flowers, the florets being of the grandest size and finest form. Color pure red. Very graceful in habit. Foliage light green. Produces a mass of bloom.

MAIDEN'S BLUSH.

The only absolutely pure pink Canna in existence. Elegant.

ALSACE.

The white Canna. Opens light yellow, and turns to a creamy-white. It is indispensable where contrast is necessary.

QUEEN CHARLOTTE.

Flowers are very large. They are borne in immense heads, well above the foliage, and are most striking in color. A bright orange-scarlet, deeply edged with bright canary-yellow.

ITALIA.

The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. Above the perfect foliage emerge numerous elegant, gigantic and wonderful spikes of flowers. The outer petals are scarlet, with a very broad, golden-yellow border. The inside of the blooms is scarlet and dark red. Exceedingly beautiful.

CHINESE HIBISCUS.

ELEVEN FINE VARIETIES.

Price, 10 cents each. Any three for 25 cents; or seven sorts our selection, 50 cents. We have large plants of Hibiscus nearly ready to bloom, for 25 cents each. These are handsome plants.

Hibiscus, Auriantica—Large and double, with orange-colored flowers.

Grandiflorus—Rich, glossy cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

Collerli—Flowers buff-yellow, with a crimson-scarlet base. Peculiarly handsome and double.

Zebrius—Double, the outer petals scarlet, edged with yellow, inner petals are very irregular, curiously variegated with creamy yellow and white.

Versicolor—A variety combining in its flowers all colors of the whole family being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

Sub-Violaceous—Flowers of enormous size, a beautiful carmine, tinted with violet, probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Maguilfeus—A very large flower, and of perfect form. Color a deep magenta, ends of petals touched with brown, foliage finely toothed.

Senator Evans—A beautiful double-flowered Hibiscus. The shape of this flower is identical with the Auriantica, and has the same purple markings at the base of the petals. The color of this variety, instead of being orange, is a bright lemon color.

Carminatus Perfectus—Full, round flowers of perfect shape, and of a rich, soft carmine-rose, with a deep crimson eye. Fully six inches in diameter.

Double Crimson—This grand variety has immense flowers of the richest crimson. Combined with glossy foliage renders it the best of all.

Chinensis Giganteus—This is a plant for house culture during Winter or Summer, or for planting outside during Summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson-scarlet color that they can be seen for a long distance, like a flaming torch. It is hard to find anything among flowers more strikingly showy. They can be wintered in the cellar or pit with perfect safety, and if ones does not care to grow them all Winter, one should have one or two for Summer display. No plant is surer to grow and thrive under any treatment than this, and few can ever be so satisfactory.

SPECIAL OFFER.—We will send the entire set of eleven distinct kinds of Hibiscus for 75 cents.

GENISTA CANARIENSIS. (Fountain of Gold.)

This beautiful plant well deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate, sage-green foliage, and every twig is tipped with a long raceme of exquisite, pea-shaped blossoms of a pure canary color, almost hiding the foliage, and suggesting the name, "Fountain of Gold." A fine companion for "Swainsonia Alba." Price, 15 cents each.

MOON FLOWERS.

The True Ever-Blooming Moon Flower, Ipomoea Grandiflora.—We have the true variety that blooms constantly. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given a wire or string to twine on) of forty feet by October 15th, blooming abundantly the entire season. It is called "Moon Flower" from its rare peculiarity of blooming best at night, although it also ex-

pands its flowers in dull days. The flowers are pure white, from five to six inches in diameter, emitting a rich, jasmine-like odor at night. The "Moon Flower" is a tender plant, but it can easily be kept in the house over Winter. It roots easily from slips, so that no attempt should be made to lift large plants. Price of the true "Moon Flower," 10 cents each; three for 25 cents.

Ipomoea Palmata (Mexican Moon Flower).—This is a tuberous-rooted vine, with large palmate foliage. The vine climbs to a height of fifteen to twenty feet, and produces freely large clusters of rosy-pink flowers three and a half inches in diameter. Plants bloom from June until frost. The roots require protection in Winter like Dahlias. Price, 20 cents each.

New Moon Flower, Heavenly Blue.—This makes a splendid companion plant to the white "Moon Flower." It is equally rapid in growth and as free blooming as the white variety, although blooming in the morning and dull days. The flowers are the most heavenly blue, with reddish-purple rays, and are six inches across. Price, 10 cents each.

The Hardy Day-blooming Moon Flower, Ipomoea Pandurata.—This is one of the most rampant growing vines in cultivation, having a large tuberous root that is perfectly hardy in Minnesota and Canada. The flowers, which are very large, are a pure, satiny-white, with a pinkish-purple throat, shading off deeper in the tube. The flowers are usually four inches in diameter—sometimes attain a diameter of five or even six inches. They are produced in large clusters, and in the greatest profusion from June to October. Price, 20 cents each; three for 50 cents.

SPECIAL OFFER.—The four Moon Flowers for 50 cents.

SANSEVERIA ZEALANICA.

A beautiful plant, splendidly adapted for the decoration of drawing rooms and halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves grow to the length of three or four feet, and are beautifully striped crosswise, with broad, white variegations on a dark green ground. It is a rare and beautiful plant, which should be abundantly grown for positions out of reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. It blooms usually during May and June, sending up great plume-like spikes a foot or more in length. The flowers are numerous and composed of long, narrow petals, which recurve gracefully, and are of a creamy-white color. It is difficult to find a more unique or ornamental plant than this, especially when it is in bloom. These are beauties. Price, fine plants, 10 cents each; large, strong plants, 20 cents each.

DAHLIAS.

Our Set of thirteen best "Fancy Dahlias." Price, 20 cents each, except where noted; or the entire set for \$2.00.

New Dahlia, Snowball.—We take pride in offering to our patrons this pure, snow-white Dahlia. A splendid bloomer and large flowers, resembling giant snow balls. Price for strong roots, 35 cents each.

Amazement.—Yellow, striped crimson.

Butterfly.—Orange, tipped with scarlet.

Crimson King.—A rich, glowing crimson.

Duchess de Cambridge.—Blush, tipped and edged with dark purple, fine form.

Deutscher Goldmeteor.—A golden-yellow, with a broad crimson margin.

Deutscher Turnergrass.—Crimson-scarlet, edged with white.

Dom Pedro.—Scarlet, tipped white.

Fascination.—A deep, rosy lilac.

Fanny Purchase.—A fine, pure yellow.

Flora.—Deep purple, shaded lilac.

Guiding Star.—Pure white and of exquisite shape.

Wacht am Rheln—Richest maroon.

FOUR BEAUTIFUL VIOLETS.

our greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place. The following four sorts are the best of all the Violets, and are all distinct in color.

Lady Hume Campbell.—This is the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color a lovely shade of the richest intense blue. A charming contrast with the white variety. **Price, 15 cents each.**

New Violet, California.—This beautiful single-flowered Violet has created a decided sensation. It was raised in California, where it was cultivated by the hundreds of acres for cut flowers. Buyers prefer it to all others. It is entirely hardy and of the richest dark blue and very fragrant. **Price, 15 cents each.**

New Double White Perpetual Flowering Violet, Swanley White, or Queen of Fragrance.—Of all the white Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly, and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. **Price, 10 cents each.**

Hardy Double English Violet.—This Violet is entirely hardy, perfectly double, a deep violet-purple color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor. This is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. **Price, 15 cents each.**

The set of four lovely Violets for only 40 cents

SMILAX.

For using as a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. **Price, 5 cents each.**

ABUTILON, SHOWER OF GOLD.

ABUTILON—CHINESE BELL FLOWER.

Price, 10 cents each; three for 25 cents.

Shower of Gold.—A beautiful dwarf-growing variety, the whole plant being covered with a profusion of beautiful golden-yellow blossoms.

Souvenir de Bonne.—New. One of the most valuable novelties of recent years. Totally distinct. Strong grower. Leaves beautiful green, regularly banded with gold, flower stem eight to nine inches long, bloom very large and bright orange-red in color. A beautiful decorative plant, being of fine tree shape.

Robert George.—A free and continuous bloomer. Flowers are broad, their large, overlapping petals incurved, color orange, veined with crimson.

Thompson's Plena.—New. Perfectly double flowers that resemble in form a double Hollyhock. Color a rich, deep orange, shaded and streaked with crimson. Foliage variegated.

Enfanta Eulalia.—Flowers large and cup-shaped. Color delicate satiny-pink.

Scarlet Gem.—A rich, bright scarlet.

Madame Chobert.—Very dwarf grower and the blooms literally cover the plant. Of a clear pink shade.

Snow Storm.—Pure white flowers and bloom freely. Dwarf.

Eclipse.—This is an elegant foliage plant, and one of the prettiest we know. It is new, and the flowers, which are produced in profusion, set the plant off to good advantage.

CAMELLIA JAPONICA.

Leaves glossy-green, flowers of exquisite beauty and waxy texture. From pure white to crimson, in a most endless variegation, the pure white ones generally prized above the colored varieties. Culture nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Time of blooming is Winter and early Spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We have a fine assortment of those named below.

Price, for large, strong plants, 60 cents each, The set of eight kinds for \$4.00.

Camellia, Alba Plena.—Double, white, very fine, the best white.

Americana.—Blush, mottled with rose.

Caleb Cope.—Clear blush-rose. One of the best.

Fimbriata.—Clear white, with the petals finely fimbriated.

Jenny Lind.—White, with pink stripes.

Lady Hume's Blush.—Flesh color. Extra fine.

Sarah Frost.—Bright crimson. Fine.

Queen of Denmark.—Salmon-rose, fine form.

GRAND JASMINES

Maid of Orleans.—In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. Price, fine plants, 20 cents each; strong plants, 40c each. If you only have one Jasmine, let it be this one.

Grand Duke of Tuscany.—This Jasmine is very easily grown, even small plants bearing a profusion of very double, cream-white flowers, having a delicious perfume. It is a magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in Winter. Price, 20 cents each; strong plants, 50 cents each.

Confederate Jasmine. *Rhynchospermum Jasminoides.* This makes an elegant hard-wooded climber, or can be trained in bush form. It bears large bunches of pure white flowers, with the most delicious Jasmine perfume. It is known in the South, where it is hardy, as the Confederate Jasmine. It will delight all. Price, 15 cents each.

Jasminum Graecillimum.—Exceedingly floriferous. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers. In bloom in the greenhouse from October to February. Price, 15 cents each.

Grandiflorum.—(*Catalonian Jasmine.*) It is from Italy. The flowers are pure white, star-shaped, and of exquisite fragrance. Price, 10 cents each.

Poetica. Similar to the Jasmine Grand. Flowers smaller, but borne on larger spikes. Price, 10 cents each.

Revolutum.—A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. Price, 10 cents each.

Cape Jasmine.—Well-known for its delicious fragrance and beauty of its flowers, which are white and double. Price, 15c each; strong plants, 35c each.

SPECIAL OFFER.—THE EIGHT JASMINES, \$1.00.

NEW HELIOTROPE, THE QUEEN.

CESTRUM, or NIGHT-BLOOMING JASMINE.

Parqui.—A native of Chili. An excellent garden plant, growing rapidly. Foliage long and of deep green color. Produces its richly fragrant flowers at every joint. Sweet only at night. Well adapted to house and window culture. Price, 10c. each.

Laurifolium.—A handsome plant, with large, glossy foliage and pure white flowers. Price, 10 cents each.

THE TWO CESTRUMS FOR 15 CENTS.

HELIOTROPES.

Florence Nightingale.—Light Lavender. Price, 8 cents each.

Snow Wreath.—Nearly white, large truss. Price, 8 cents each.

Queen of Violets.—Violet-purple, large eye. Price, 8 cents each.

NEW HELIOTROPES.

Souvenir.—In bloom it is exquisite. The deep lavender color of the flower contrasts admirably with the beautiful dark-green foliage. Price, 10 cents each.

The Queen.—For a neat, dwarf habit, profusion of bloom and richness of odor this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for Summer decoration or Winter flowering. Price, 15 cents each.

The Virgin.—The introducer describes it as low-growing and with strong, luxuriant foliage. The flower is very large and of snowy whiteness. Price, 10 cents each.

THE THREE NEW HELIOTROPES FOR 30 CTS.

HYDRANGEAS.

New Hydrangea, Monstrosa.—This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free blooming qualities are unequaled by any plant we know of. The color is at first a deep, rich pink, gradually changing to almost a snow-white. Blooms have been measured fifteen inches in length by ten inches through. It is indeed an enormous and beautiful flower. **Price, 15 cents each.**

New Hydrangea, Stella Fimbriata.—This is the only double Hydrangea in existence. The individual flowers are perfectly double and resemble in shape small rosettes, a beautiful peach-pink in color, very floriferous, flowers of the largest size. It is certainly a charming plant. **Price, 15 cents each.**

New Hydrangea, Red-branched.—(*Ramis Pictus*). A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower trusses. The plant is of robust habit, and produces freely immense heads of deep rose-colored flowers. A novelty of sterling merit that is sure to become very popular. This is by all odds the prettiest Hydrangea. **Price, 10 cents each.**

Hortensis.—The old favorite variety. Pink flowers, changing to blue in soils containing iron. **Price, 10 cents each.**

Thomas Hogg.—A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries. **Price, 10 cents each.**

Hydrangea, Otaksa.—A bright, rosy-pink, flowers always perfect, and lasting, when in bloom, three to four months. Try it. **Price, 10 cents each.**

New Japanese Hydrangea, Paniculata Grandiflora.—A new, very striking and elegant hardy flowering shrub, suitable for lawns, recently introduced from Japan. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses more than a foot long and nearly as much in diameter. It blooms in mid-Summer, and remains in bloom two or three months. It creates a great sensation wherever seen. Is scarce and difficult to obtain. The plant is of bushy and compact growth, attains a height of three to four feet. Perfectly hardy in all parts of the country. Needs no protection. **Price, young plants, 20 cents each; extra strong, two-year-old plants for immediate effect, 35 cents each.**

SPECIAL OFFER.—The seven Hydrangeas, good plants, for 50 cents.

GOOD & REESE'S

WORLD-RENOWNED COLEUS.

Price, 5 cents each; twelve for 50 cents; twenty distinct varieties for 80 cents; by express, thirty for \$1.00. We will send the below twenty choice named Coleus by mail for 75 cents. These are all good bedders, standing the hot sun without losing their colors. Price per hundred, when sent by express, \$2.50.

REMEMBER, the following choice Coleus for only 75 cents; any ten for 40 cents. Two collections for \$1.35. You have never seen anything so grand in the Coleus line. Try them, and see what a beautiful bed you can have, and with but little care.

Autumn Glow.—Has all the beautiful tints of Autumn leaves.

Bronze Queen.—A deep bronze, with a fine yellow edge.

Black Bird.—Very dark, with reddish cast.

Butterfly.—A crimson-bronze, old gold and green.

Bizarro.—Crimson center, edged with green and gold.

Beauty.—A crimson-bronze, with green edge.

Chicago Bedder.—Green and gold. An excellent bedder.

Dora Clapp.—Crimson center, with bronze and green edge.

Empress of India.—Crimson, with a golden edge.

Fire Crest.—A bright carmine-crimson, edge marked golden-yellow.

Fire Brand.—A fine bedder. Dark crimson, shaded garnet.

Golden Bedder.—Deep golden-yellow. A fine bedder.

Golden Verschaffeltii.—This ranks first in the yellow varieties.

Hero.—A deep, jet black.

Hiawatha.—Bronze and yellow, spotted.

Progress.—A beautifully mottled red, green and bronze.

Bettie Kirkpatrick.—Bright green, large, deep, yellow center.

Setting Sun.—Crimson, with brightest golden edge.

Verschaffeltii.—A rich, velvety-crimson. The best bedder.

Yoddo.—A deep, golden-yellow, spotted with bright green.

GLOXINIAS.

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety-green leaves is surmounted with a cluster of lovely trumpet-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground work of many is pure white, with throats of blue, scarlet, rose, crimson, or velvety-purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of a bright color, with white throat. The bulbs should be started in a warm place, greenhouse, hot-bed or sunny window. They will bloom until late in Summer, when they should be dried off, letting the leaves die. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Give them a trial. **Price, 20 cents each; three for 50 cents.**

HYDRANGEA, MONSTROSA.

CYPERUS ALTERNAFOLIUS.—Umbrella Plant.

This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. Try it. It is a handsome, easy-growing plant. **Price, 10 cents each; three for 25 cents.**

CALADIUM ESCULENTUM.

One of the most beautiful and striking ornamental-foliaged plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring four feet in length by two and one-half in breadth. Smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during Winter, out of danger from frost. **Price, three sizes, 10 cents, 25 cents, and 50 cents each. Our large size can only be sent by express.**

OLEA FRAGRANS, or TEA OLIVE.

One of the most desirable flowering shrubs of Southern gardens, and also a favorite house plant in the North. Has deep green foliage similar to the Camellia. The white flowers, although small, are produced in great profusion, and emit the most pleasing fragrance. It has been well said that each individual bloom has more sweetness than the most fragrant Lily. The blooming period begins in the Fall and lasts for several months. It is of easy culture, and especially desirable as a window plant. Nice plants. Ten to fifteen inches high. **Price, 40 cents each.**

CROTONS.

The Crotons are among the finest decorative foliage plants known. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully in fountain fashion, others broad and short, oak-leaved. Some recurve very much, others are twisted, cork-screw like. Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants. **Price, 10 cents each.**

GREVILLEA ROBUSTA.—Australian Silk Tree.

A splendid decorative plant, much quicker growing than a Palm, and very effective, with its long, drooping, silky foliage, deeply cut, like a large, growing Fern, or a pinnated-leaved Palm. No window is complete without it. It is very easy to manage. Be sure and try it for your window. It cannot be excelled. **Price, 10 cents each; three for 25 cents.**

SAXAFRAGA SARMENTOSA.

A handsome plant of low habit, leaves nearly round and striped freely with silver bands, blooms white, of great beauty, and borne in spikes nearly twelve inches high. Fine for hanging baskets, vases, etc. **Price, 10 cents each; three for 25 cents.**

SWORD FERN

BEAUTIFUL AND RARE FERNS.

Nephrolepis, Cordata Compacta.—It is of free, strong-growing compact habit, attaining when fully grown a height of about two feet. The fronds are of a dark green color, very rich, of upright growth, with just sufficient arch in them to make them graceful. For house culture or for window gardening, we do not know of any other variety, except the Boston Fern, that would give the same satisfaction and which we could recommend so highly. Price, 25 cents each.

Nephrolepis, Exaltata Bostoniensis.—(*The Boston Sword Fern*) In our estimation this variety is the finest of all Sword Ferns. A variety which originated in the vicinity of Boston, where it has been in popular favor for a number of years under the name of Boston Fern. In the vicinity of Boston no other plant is used so extensively as this graceful Nephrolepis, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. Price, good plants, 25 cents each; three for 60 cents.

Nephrolepis, Exaltatum.—(*Sword Fern.*) A really graceful Fern, multiplying very fast in throwing out vines, on which grow separate plants again. It is one of the most handsome Ferns. Does lovely planted in hanging baskets or vases, or charming as a pot plant. Try it. Price, 15 cents each.

Pteris Tremula, or Shaking Fern.—One of the finest Ferns for house decoration, growing very rapidly and throwing up large, handsome fronds. It makes magnificent specimens. Easily grown and very popular. Price, 20 cents each.

Adiantum Formosum.—(*Maiden's Hair Fern.*) Sprays of delicate green, borne on jet black stems. An elegant sort. Price, 15 cents.

Solanum Jasminoides Grandiflorum.

A beautiful new plant which inclines to a trailing habit, but never attains a greater height than three to five feet, and can be pinched back to the bush form. Its flowers are star shaped, like Clematis, and borne in enormous panicles, or clusters, often a foot across. In color they are pure white, with a violet tinge on back of petals and on the buds. In pots it is a fine bloomer, both Summer and Winter. But it is grander for outdoor culture. When trained against the wall or on a trellis, and showing hundreds of these magnificent panicles of bloom, it cannot be described. It is a free and constant bloomer, commencing when only a foot high, and, like the Manettia, its flowers keep perfect a long time before fading. No more beautiful object can be seen than these two vines growing side by side and mingling their profusion of bloom. Price, strong plants, 6 cents each.

Mammoth Verbenas.

Our plants are grown with care and are very robust. New varieties are being constantly introduced and old ones discarded, so that it is difficult, and we might say useless, to offer a long list of named varieties. We offer these mammoth Verbenas in pure white, pure scarlet, striped and blue. Price, 8 cents each; four for 25 cents.

NEW AND SCARCE GLADIOLI.

Price, 10 cents each; or the set of six for 50 cents.

Charles Dickens.—Delicate rose, tinted with buff, and flamed and striped carmine rose.

Cleopatra.—Soft lilac. the lower petals of a darker hue, suffused violet-purple, feathered and blotched.

Isaac Buchanan.—Beautiful canary-yellow, on a splendid spike of large flowers. The very best yellow.

Rio Leopold.—Blush-rose, slightly suffused orange, and shaded currant-red, white blotch.

Romulus.—A very brilliant, glossy, dark red, large, broad, white line on lower petals, with a pure white blotch.

La Candeur.—Large flowers of purest white, lightly striped with carmine-violet. The nearest approach to a pure white.

FINE NAMED GLADIOLI.

Price, 8c. each; six for 40c; the entire set of fourteen for 75c.

Angele.—White, showy and effective.

Bernard de Jessieu.—Violet, shaded cherry, purple and blotch on white ground.

Canari.—A light yellow, streaked with rose on the lower petals.

Ceres.—Pure white, spotted purplish-rose.

Conde.—Light orange-red, white blotched, feathered carmine.

Ida.—White ground, slightly tinted rose, flamed crimson rose, lower petals light yellow.

Jean d'Arc.—White, tinged with rose, streaked carmine.

John Bull.—White, tinged with sulphur.

Laura.—Light orange-red, flamed carmine, white blotch.

Le Poussin.—A light red, white blotch, beautiful.

Madame Monneret.—A delicate, lovely pink, with a white stripe in the center of each petal, carmine blotch.

Marie Dumortier.—White, streaked rose, violet-purple blotch.

Stella.—White, tinged yellow and rose, flamed carmine.

Thunburg.—Light orange, shaded cherry, white blotch.

The entire Set of Named Gladioli, twenty sorts, including New Set, for only \$1.00.

GLADIOLI, New Superb Seedlings.

These bulbs have all been lately grown from choicest seed carefully saved from the most beautiful French Hybrids, and embrace a large range of colors. Our New Superb Seedling Gladioli can be relied upon to bloom freely and embrace all shades of buff, pink, crimson, yellow, white, lemon, rose, maroon, scarlet, cherry, and beautifully variegated and oddly marked varieties; they are so cheap and so good that we know the bulbs will give good return, while the spikes of bloom are always in demand as cut flowers. Price, bulbs sure to flower, 5c each.

SPECIAL OFFER.—For 50 cents we will send free, by mail, fifteen bulbs, guaranteed to flower.

NOTE.—All the above Gladioli Bulbs will flower the first Summer after planting.

AURECA LUTESCENS.

DWARF OTAHEITE ORANGE.

DWARF OTAHEITE ORANGE.

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during Summer. They are all grand plants, and of the easiest culture.

Notice.—It may be well to state here that young Palms do not resemble the illustration given, as they do not show their character leaves until the second year, so that when you get your Palm plants and see long, narrow leaves instead of the character leaves, as shown in the illustration, do not think that the wrong kind has been sent you.

A GREAT BARGAIN. FOUR CHOICE PALMS. OUR SELECTION, FOR 50 CENTS.

COCOS WEDDELIANA. Undoubtedly the most graceful Palm yet introduced to our collection. The stem is slender, leaves long and very beautifully arched, leaflets or pinnæ very fine, deep green above, white below. Price, 60 cents each.

LATANIA BARBONICA. The well-known Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decoration. It is considered the handsomest and most valuable of all the Palms. Price, 25 cents each; fine large plants, \$1.00 to \$2.00 each.

WASHINGTONIA FILIFERA. A beautiful Palm is one of the finest additions that can be made to any collection of plants, but the high prices of the best varieties have prevented most people from possessing one. Then, again, there are but few of the best sorts which succeed well with ordinary window culture. It is, therefore, with pleasure that we are now able to offer one of the most beautiful sorts in existence, and one that is hardy and robust enough to succeed anywhere, at a price which brings it within the reach of all. All Palms of the fan-leaved sorts have, when young, leaves of a long, narrow shape, developing the round, fan-shaped ones as they grow older. Therefore, when you get your plant and see long leaves instead of round ones, do not think that a wrong sort has been sent you. Price, 10 cents each; three for 25 cents. Strong plants, 50 cents each.

ARECA LUTESCENS. A most elegant Palm. One of the best for general decorative purposes, easily grown, useful in every stage of growth, fine color, graceful habit, and pleases all. Price, 25 cents each; fine large plants, \$1.00 to \$2.00 each.

KENTIA FOSTERIANA. This is one of the finest pot plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are a deep, glossy-green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. Very graceful for table decoration. Scarcely equalled. Price, 50 cents each. Strong plants, \$1.00 to \$2.00 each.

OREDOXIA REGIA. (ROYAL PALM.) This favorite Palm is beautiful in all stages of growth. No plant is more easily grown, and none more tenacious of life, enduring the dust, the cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves large, fan-shaped, of a cheerful green color, plant of hardy constitution, and adapted to all decorative purposes, within or without doors. Price, 25 cents each; fine large plants, 60 cents to \$2.00 each.

SEAFORTHIA ELEGANS. A most graceful Palm, eminently adapted for decorating greenhouse and garden. Makes a fine window plant. Leaves long, gracefully arched, dark green, and the whole plant is perfectly smooth. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep-green foliage, which has a decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much sought-for blooms of Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one half the size of the ordinary Orange, retaining in a marked degree their sweetness. This unique Orange cannot be equaled as a Winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once, of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. Price, good plants, 10 cents each; large, strong plants, to bloom and bear profusely at once, 25 to 40 cents each, according to size.

LEMON OF SICILY. (Dwarf.)

This is as much of a wonder as the Dwarf Orange. It bears the largest lemons of any variety in cultivation. A single fruit often weighs two to three pounds. A handsome companion for the Dwarf Orange, as it bears fruit when quite small. The flowers are as fragrant as the Orange blossoms. Price, 20 cents each; large, strong plants, 40 cents each.

Special Offer.—A fine plant of both Dwarf Orange and Lemon for 25 cents.

CACTUS.

QUEEN OF NIGHT CACTUS. Decidedly the grandest flowering plant in cultivation. Imagine a dozen flowers unfolding with the setting sun their hundreds of white, wax-like petals, encircled by a wreath of gold, in continual motion! Imagine such a flower three feet in circumference, perfuming the surrounding air with the most delicious fragrance known! Does it not deserve its royal title? It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. We have the genuine variety, the only one with fragrant flowers twelve to twenty inches across, and can furnish one-year-old plants. Price, by mail, 10 cents each.

LOBSTER CACTUS. A fine Winter bloomer, beautiful pink flowers. Blooms when quite small. Price, nice plants, 10c each.

STAPELIA SERPENTINA, or "Star Fish Cactus." The flowers are the shape of a starfish, of a chrome-yellow color, covered with brown spots, like a serpent's body; hence its name. Price, strong plants, 10 cents each.

CHINESE PRIMROSE.

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering it that no water gets on the buds, as it causes them to decay. In the Summer they can be turned out into a shady border. The plants we offer are fine, and the colors will please. We have them in white, pink, red, crimson, striped and blue. Price, 10 cents each.

✻ PLUMBAGOS ✻

New Pink Plumbago, Sanguinea.—The Plumbagos are very desirable plants for bedding or house culture, and are admired by all for their elegant trusses of bloom and the delicate colors of their flowers. The light blue and deep blue and white varieties are well-known favorites, but with the new variety *Sanguinea* we have something that is entirely distinct and the prettiest of all Plumbagos. The trusses of bloom are larger than in the older varieties, often measuring ten inches in length, and of the loveliest bright pink or deep rose. Order one and be surprised. Price, 30 cents each.

Capensis, Flora Alba.—This is a splendid novelty. The exact counterpart of *Plumbago Capensis* except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. We recommend this highly. Price, 10 cents each.

Capensis.—This produces large heads of light blue flowers. It has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant bedder. Price, 10 cents each.

Lady Larpent.—This beautiful variety of *Plumbago* was first popularly introduced in 1800. Since that time it has so thoroughly pleased all who have planted it, achieved such great popularity, which, coupled with our own thorough tests and observations, demonstrates that it is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely rich violet-blue colored flowers, borne in close terminal heads. (We had thousands in bloom on our grounds the past season as late as October 25th.) The foliage is unique, finely serrated and fringing the stems. We heartily recommend this fine variety for edging sidewalks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. Price, 10 cents each.

PRIMULA OBCONICA.

This is a charming new plant for Winter. In fact, we know of none that is better adapted to house culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its delicate sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Price, 15 cents each.

Calla Lilies.

CALLA ETHIOPICA. (*Egyptian Lily.*) This is the well-known Egyptian Lily, or Lily of the Nile, with large, white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large *Callas* send to us, as we are headquarters for them. We have three sizes. Price, small plants, to bloom next Winter, 10 cents each; strong, blooming bulbs, 25 cents each; extra strong bulbs, that will produce a dozen blooms, 50 cents each.

CALLA RICHARDIA. (*Spotted Calla.*) A plant with beautiful spotted leaves. It flowers abundantly during the Summer months, when planted out in the open border. The flowers are shaped like those of a *Calla*, and are pure white, shaded with violet inside. Keep dry in Winter, and start in the Spring, like a *Dahlia*. The plant belongs to the same order as the *Calla Ethiopica*. Price, blooming bulbs, 15 cents each.

THE BLACK CALLA.—The introducer says: "Its flowers are enormous, fully a foot in length. Color a clear, coal black, so intense that it really shows a brilliancy, and as may be well imagined, it is a flower of the most striking oddity and beauty. The bulbs are large, and should be potted in the Fall, and when growth commences set in a window. After blooming, the foliage will die down, and the bulb should be kept dry for replanting in the Fall. It is a native of the Holy Land. Treat the same as for *White Calla Lily*." This is a very beautiful *Lily*. We have flowered it extensively. It is coal black, and is a great curiosity. It is very scarce. Price of large flowering bulbs, 50 cents each.

NEW DWARF EVER-BLOOMING CALLA LILY.—The most wonderful of all Plants. It is our good fortune to have come into possession of this most valuable of all *Callas*. The following facts will convince any one of its great superiority over the old sort. It is of dwarf habit, and does not grow tall and scraggy like the old variety, but is compact, with a great abundance of lustrous dark-green foliage. It is a true ever-bloomer, its flowers appearing in great abundance both Summer and Winter when grown in pots, or it will bloom profusely all Summer in the open ground, and being potted in September will continue blooming without intermission all Winter. The same plant will grow and bloom for years without once ceasing, and the quantity of bloom which a good plant will produce is astonishing. It is estimated that six plants of the old sort will not produce so many flowers in the course of a year as will one plant of this new dwarf variety. A large plant is hardly ever without one or more flowers, and its dwarf, compact habit makes a much more desirable pot plant than the old variety. Its flowers are large size and snow-white in color. All in all, it is one of the most desirable plants we ever offered. Price, bulbs of blooming size, 50 cents each; extra large size, 75 cents each.

SPECIAL OFFER.—The four beautiful *Callas*, strong bulbs, for \$1.00.

Cyclamen, or Persian Violet.

There is no more ornamental plant for greenhouses or parlor culture than the *Cyclamen*. It grows readily, blossoms freely, and remains a long time in flower. The soil should be equal parts of turfy loam, leaf mold and silver sand. Put in pots three times the diameter of the bulb, in October. Keep them in a cool, light place, watering lightly until growth begins. Then water freely and give plenty of light and air. On the approach of cold weather remove to a warmer situation, the parlor or greenhouse, but keep near the light. The whole secret of growing *Cyclamens* to perfection is light, air and low temperature.

Cyclamen, Persicum.—The colors are usually white, tipped at the base with rosy purple. Price, 10 cents each.

Cyclamen, Persicum Giganteum.—This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems, and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also beautiful. Price, good bulbs, 20 cents each.

LINUM TRIGYNUM.

A Winter blooming plant of great beauty, producing in the greatest profusion very large and very showy blooms of bright yellow color. The plant is a complete mass of bloom for a long time during Winter, and is one of the most beautiful Winter bloomers it is possible to have. The flowers are about the size of a *Morning Glory*, and no matter how small the plant is it will bloom profusely. Price, 10 cents each.

NEW DWARF EVER-BLOOMING CALLA LILY.

BRAZILIAN PLUME-PLANT.

PITTOSPORUM TOBIRA.

An elegant hard-wooded shrub. Hardy in the South. Makes handsome specimens, growing into a small tree in a few years. It bears small, white flowers in large bracts, or heads, which are so delicious in fragrance as to remind one of orange blossoms. Price, fine plants, 20 cents each.

Something New and Valuable,

SWAINSONIA ELEGANS.

The Prettiest Plant of any in Our Collection.

The prettiest all round plant for house culture we know of. It is of such easy culture that everybody succeeds with it. It is a rapid grower, and in a short time makes a handsome, compact bush, as it naturally grows into a shapely plant. The foliage is deep green, small, like shown in cut. It bears its panicles six inches long, of pure white, pea-shaped flowers in the greatest profusion, and of the sweetest fragrance. Indeed, it is as sweet in perfume as Sweet Peas. We have been cultivating it for the past two years, and it is seldom out of flower either Winter or Summer. Be sure and try it, as it will certainly please you. Price, 15 cents each; two for 25 cents.

Swainsonia Rosea.—Same as above, but bright red flowers. Price, 15 cents each.

SPECIAL OFFER.—The two varieties for 20 cents.

STROBILANTHUS DYERIANUS.

In offering this beautiful plant for the first time, we do so with great pleasure, as all who possess it have a floral beauty to be proud of. The leaves are quite tropical in size, overlaid with a rosy-purple cast, reminding us of changeable silk, the young foliage being very intense in color, while the older leaves assume a pale green, with occasional blotches of white, with a pale tint of rose color showing. New and valuable. It is also beautiful in bloom, with its Gloxinia-like flowers. Price, 20 cents each.

TUBEROSES.

Double Tuberose, Excelsior Pearl.—This variety is dwarfier than either of the other varieties in cultivation. Very large, pure white flowers, beautifully imbricated, delightfully fragrant, very double. Price, 15 cents each; six bulbs for 70 cents.

Double Tuberose, Pearl.—The value of this sort over the common variety consists in its flowers being of large size, imbricated like a Rose, and of dwarf habit, growing only from eighteen inches to two feet in height, its short growth making it desirable as a pot plant or for Winter forcing. Price, 10 cents each; fifteen for \$1.00.

Double Tuberose.—Its pure waxy color and delightful fragrance make it the most popular of all flowers for bouquets and baskets. Our bulbs are very fine, and we guarantee that all will bloom if properly treated. Price, 10 cents each; twenty for \$1.00; twenty-five by express for \$1.00.

JUSTICIA. Brazilian Plume-Plant.

Justicia. Carneia.—Perhaps no plants have attracted so much attention in the last two years as the Justicia, or Brazilian Plume-Plant. The plant is a strong, rapid grower, and throws up long stems, on which are produced fine, plume-like, pink flowers, the ends of each petal drooping in a most charming manner. When the plants are a few months old they are literally covered with their beautiful blossoms. It does equally well either for house or out-door culture. Price, 15 cents each.

Justicia. Sanguinea.—Same as above, except that it has red stems and flaming rose-colored blooms. Price, 15 cents each.

SPECIAL OFFER. THE TWO JUSTICIAS FOR 25 CENTS.

OXALIS, ORTGIESL.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden star-shaped flowers, which do not close at night like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. The leaves are three lobed, dark olive-green above, and a beautiful shining metallic crimson-purple underneath, and wine-colored stems. This makes a truly novel plant, as well as a very beautiful one, and it is surprising to see what attention it will attract. Price, 10 cents each; three for 25 cents.

AZALEA INDICA.

One of the most gorgeous blooming families, together with the showiest of all greenhouse plants. The colors of the flower vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts that will flower finely this coming Winter, both double and single-flowered, in any color desired. The plants we offer are magnificent specimens, the finest you have ever seen, and all will bloom this year. Price, 50 cents each; fine, large plants, three years old, 75 cents each.

N. B.—Be sure and try our Azaleas. They will not disappoint you. In ordering, name the color you wish. We can furnish them in the following colors: White, pink, crimson, salmon, rosy-lilac, and white, striped with crimson.

SWAINSONIA ELEGANS.

EMPEROR PANSIES. x x x

Our Emperor Pansies are the best the world produces. They combine the choicest large-flowered sorts, both of European and American growers. It has been our aim to make this the finest strain of this favorite flower in existence. Price, 35 cents per dozen; \$2.50 per hundred. Seed of the Emperor Pansies, 10 cents per packet.

STEPHANOTIS FLORIBUNDA.

This is, without question, a grand vine. It can only be grown from seed, and it seeds so rarely that the plants are always scarce. It is a rapid grower, with hard wood and thick, leathery

leaves. The flowers are pure waxy white, borne in large clusters, and of the most delicious perfume of any flower; the fragrance is indeed charming, something like the Lily of the Valley, only sweeter, if that were possible. We have been fortunate to secure some seed from the West Indies, and have grown a good stock of fine plants, which we offer at the low price of 25 cents each, or two for 40 cents.

MANETTIA BICOLOR. x x x

The most wonderful new vine or plant that has yet been produced. It blooms in Winter as well as Summer. It is both a rapid and beautiful climber. The flowers are from an inch to an inch and a half in length, of a most intense bright scarlet, shading into flame, tipped with the deepest golden-yellow, and covered with a thick scarlet moss. The blossoms remain on the plants for weeks before falling. Has our highest commendation. Send to us and get the genuine. We can usually send them in bloom. Price, fine plants, 10 cents each; three for 25 cents.

LANTANAS, or SHRUBBY VERBENAS.

The brilliant colors, robust growth and profuse blooming habit of the Lantana render it one of the finest bedding plants we grow. The flowers embrace all of the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct color to another as they increase in age and development. The varieties we have give a wide range of color, and include the most distinct and profuse varieties. Price, 6 cents each; five lovely colors, all different, for 25 cents.

ALOYSIA CITRIODORA.—Lemon Verbena.

Foliage delightfully fragrant. To simply brush against it is enough to scent an entire room with its delicious odor. Planted out of doors it grows into a fine large clump, and it can be taken up in the Fall and wintered over in the cellar. Price, 6 cents each; three for 20 cents.

LIST OF Hardy Shrubs, Vines and Plants.

New Hardy Pink, HER MAJESTY.

THE CARNATION of late has become the most popular cut flower with the exception of the Rose, and the one drawback to its cultivation by the masses of flower lovers is the fact that it is not quite hardy. We have at last a perfect substitute for it in this grand new and Hardy Pink, one of the finest novelties of the century. It is quite hardy, needs no protection, and blooms profusely in the months of May and June. The flowers are pure white in color, very double, borne on long stiff stems, and possessing the exquisite clove-scented fragrance of the true Carnations, while it rivals them in size and substance. It is a wonderful bloomer, producing immense masses of flowers. You will be delighted with it. Price, 10 cents each; three for 25 cents.

HARDY SCOTCH, or SWEET MAY PINKS.

THESE ARE THE PINKS OF OUR MOTHERS' GARDENS. They are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. They make a very nice border for beds of other flowers, or for cemetery planting, making a large tuft of bronzy-green foliage a foot or more in diameter, from which the flower stalks are thrown up in great profusion. Price, 10 cents each; three distinct colors for 25 cents.

HARDY LILIES.

No class of plants capable of being cultivated out of doors possesses so many charms as the Lily. Rich and varied in color, profuse in variety, and of delicious fragrance, they are perfectly hardy and of the easiest culture, and no garden should be without a few of the best sorts.

Lilium Auratum.—(Golden-rayed Queen of Lilies.) This is the grandest Lily grown, and a never-failing delight. We take pleasure in showing it to people who have never seen it. It seldom fails to create a sensation. The perfume is exquisite—light, yet penetrating. Magnificent by daylight, but by moonlight a well-grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as "Gold-banded Lily from Japan." Price, 25 cents each; five for \$1.00.

Harriell.—(The Bermuda, or Easter Lily.) Pot and treat the same as for Hyacinths. Each bulb will give from six to twelve flowers, in many cases many more. And not content with that effort, it often throws up a second stalk bearing flowers, thus continuing its season of beauty. The flowers are fully six inches in length, of the purest white, and of the most delicious fragrance. Price, fine bulbs, 20 cents each; three for 50 cents.

Candidum.—The well-known hardy garden Lily. Snow-white, fragrant blossoms. One of the best, and an established favorite. Price, 20 cents each; three for 50 cents.

Tigrinum Flora Plena.—Bright orange, spotted black, and very double. Price, 25 cents each; five for \$1.00.

Speciosa Rubrum.—A beautiful bright rose, spotted with a dar velvety-crimson. Price, 25 cents each; five for \$1.00. x

HARDY PINK, HER MAJESTY.

CLEMATIS PANICULATA.

One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. These clusters are borne on long, slender stems, which stand out boldly from between the glossy green leaves, and the gentle breeze causes wavy crests of white to flow gently over their surface. The fragrance is delicious, resembling the English Hawthorn blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when most other hardy climbers are out of bloom, an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. Price, 15 cents each; two for 25 cents.

CHINESE MATRIMONY VINE.

It is hardy everywhere. As a vine for permanent effect, for shading a sunny window, covering an arbor or veranda, and for perfect hardiness cannot be excelled. Pale purple flowers and scarlet berries are constantly appearing from early Spring till late in the Fall. Do not confound this with the old sort. Price, 15 cents each; two for 25 cents; five for 50 cents.

RUDBECKIA LACINIATA, FL. PL.

"GOLDEN GLOW." A hardy perennial plant growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color, and as large as Cactus Dahlias. The cut represents a plant in bloom, as photographed. Mr. William Falconer, the best authority on plants in this country, says of it: "When I saw the double-flowering form of Rudbeckia Laciniata in bloom in your grounds last year, I was amazed, for notwithstanding my long and intimate acquaintance with plants I had never before seen a double-flowered Rudbeckia, and I was delighted with the fulness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant last Spring, and it was set out in good garden ground. It grew vigorously, and threw up strong, branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any of the stiffness in habit or blossom peculiar to sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got Clematis Paniculata." It is the most effective flowering plant for August and September in cultivation. This plant is entirely hardy, and grows into beauty each year. Do not fail to try it. Price, 15 cents each; two for 25 cents.

Hydrangea, PANICULATA GRANDIFLORA.

See page 24 for description. Price, strong one-year-old bushes, 20 cents each; large plants, 35 cents each.

LARGE-FLOWERING CLEMATIS.

DUCHESSE D'EDINBURG This is without doubt the best of the double whites. Very free flowering and very fragrant. Price, 75 cents each.

JACKMANII. From four to six inches in diameter, intense violet-purple, with a rich, velvet appearance, and distinctly veined. The best. Price, 60 cents each.

LANGUINOSA CANDIDA. Flowers are large—six to nine inches in diameter—almost pure white. One of the best. Price, 60 cents each.

KERMISENUS RUBRA This beautiful Clematis is much sought after, but is very scarce. The color is a bright rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. A grand variety. You should try it. Price, 75 cents each.

SPECIAL OFFER.—The set of four distinct large-flowering Clematis for \$2.00. This is a bargain, as the roots are large and strong. The best you have ever seen.

ACHILLEAS.

New Achillea, The Pearl.—(*The Great Cemetery Plant.*) We take much pleasure in calling special attention to this new plant, as it is one of the most beautiful and useful. It is a hardy perennial, the top dying down to the ground every Winter. A plant will produce hundreds, and even thousands, of flowers the first Summer, but when established the second year they frequently have more than five thousand perfect flowers on a plant at the same time. It commences to bloom early in July, and is a perfect mass of beautiful flowers till frost the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers, as it is sure to thrive and bear its great profusion of snow-white flowers nearly the whole Summer for years and years. The plants we supply will have abundance of roots with but little top. They will all grow rapidly, and produce abundance of bloom this Summer. They can either be potted or planted in the open ground as soon as received. Price, 15 cents each; two for 25 cents; or six for 50 cents.

New Rose-colored Achillea, Millefolium Rubrum.—This beautiful new Achillea has large fronds or leaves of the most delicate Fern-like appearance, that for foliage alone would be worthy of a place in any garden. But then it produces large clusters of flowers a deep lake-rose in color, making it wonderfully attractive when placed among shrubbery or Rose beds, giving it a graceful effect. Price, 15 cents each. The two Achilleas for 20 cents.

PAEONIES.—The Pineys of Our Mothers' Gardens.

Hardy, herbaceous. Herbaceous Paeonies are among the showiest and most useful of hardy plants, and are fast becoming popular with the public. They are all hardy and admirably adapted to the climate of the Northern States, growing well in almost any situation of soil, although the flowers will be finer and colors brighter if planted in a deep, rich loam, well manured. We offer a splendid assortment in twelve distinct varieties. Price, 25 cents each; five distinct kinds for \$1.00.

TREE PAEONY.

These species, natives of Japan, are a grand addition to a garden. They do not die down to the ground like the herbaceous sorts, but make fine bushes three to four feet high, covered in Spring with immense flowers, and present an elegant appearance. Price, 50 cents each.

New Double Anemone, "WHIRLWIND."

This beautiful Japanese Anemone has, since its introduction, proved one of the finest hardy Fall-blooming plants in cultivation, growing to a height of three feet, and holding up on stiff stems flowers from two and a half to three inches across, of pure white, and heavy waxy texture. A large bed of this is worth going miles to see, and the large, graceful flowers are unexcelled for cutting. Price, 15 cents each; two for 25 cents.

SPIREAS.

These are beautiful shrubs of easy culture. Very desirable for shrubberies or the flower garden.

Price, 15 cents each; large plants, 35 cents each.

Ballardii.—Flowers in spikes of pink or rose color.

Prunifolia.—Flowers like double small white Daisies, known as Bridal Wreath.

Van Houtte.—A strong grower, flowers a pure white, in clusters. Fine. The best.

Anthony Waterer.—New. The crimson Spirea. Charming.

GLECHOMA HEDERACEA.—Variegated.

Prettily marked with pure white on a bright green ground. It is hardy and of vigorous growth. The leaves have a refreshing fragrance similar to mint. Useful for hanging baskets, vases, etc., etc. Price, 10 cents each; three for 25 cents.

DICENTRA SPECTABILIS.—Bleeding Heart.

A hardy perennial plant with rose-colored flowers in great abundance. One of the best border plants. Perfectly hardy and easily cultivated. Two feet high. Flowers in April and May. Price, 20 cents each.

PYRUS JAPONICA.—Burning Bush, or Japan Quince.

One of the most beautiful hardy flowering shrubs. A splendid lawn plant. The bright scarlet flower produced before the foliage makes a gorgeous display. Price, 25 cents each.

CLEMATIS FLAMULA.—Virgin's Bower.

A general favorite where a hardy, rapid-growing, graceful vine is admired. Its small, bright green foliage is almost hidden by large clusters of fine, fragrant white flowers. Price, 15 cents each.

LILY OF THE VALLEY.

The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love, but keep it forever. Put four or five or half a dozen of the pips or bulbs in a pot, and in about four or five weeks they will flower. In the Spring transfer them to the garden. Price, fine pips, 5 cents each; 40 cents per dozen.

PHLOX, Hardy Perennial.**HARDY PHLOX—CROSS OF HONOR.**

The new French varieties all carry very fine, distinct, pure colors, in great trusses, many of them beautifully shaded and marked with very distinct, clear, bright eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants, while they are unexcelled in beauty. The improvement made in this beautiful class of plants is perhaps more marked than in any other section of the hardy, herbaceous family. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous colors, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere. Price, 10 cents each; the set of seven for 50 cents. No further discount on this offer.

Phlox, Cross of Honor.—Beautiful light rose, striped pure white. **Flora McNab.**—Pure white and free.

Lothair.—A brilliant salmon-rose.

Princess de Furstenburg.—White, with carmine eye.

Sir E. Landseer.—A brilliant dark crimson. Large, fine flowers.

Stansted Rival.—Rose-pink, dark crimson rays.

Triumph de Twickle.—A rosy magenta.

Hardy Double White Daisy, SNOW CREST.

Entirely hardy everywhere. Most distinct, and an improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems, from six to ten inches long, are of the purest white and full to the center. When fully developed they rise to a conical or sugar-loaf form, and well-grown specimens will cover a silver dollar. It makes an admirable hardy garden plant, or may be forced for cut flowers under the same treatment as violets. Price, 10 cents each; three for 25 cents.

VIBURNUM OPULUS—Snowball.

Attaining a height of eight feet. Produces its snow-white flowers in large balls or masses in June. Price, 25 cents each; large plants, 50 cents each.

Japan Snowball, VIBURNUM PLICATUM.

A new variety of Snowball from Japan, and one of the grandest shrubs in existence. Growth upright and compact. Foliage olive-green through the Summer, but toward Fall it turns much darker and remains on the plants for some time after the first frosts. Flowers four to six inches across. Price, 25 cents each; three for 60 cents.

New Pure White Althaea, SNOWDRIFT.

Has no speck of coloring in center, as the old variety has, but is pure white. Price, 15 cents each.

ALTHAEA, or ROSE OF SHARON.

These are the most beautiful shrubs we have in our collection. The flowers are of large size, very double and full, of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other shrub is in bloom. Price, two kinds, Double White and Rose, 15 cents each; large plants, 50 cents each.

WHITE DAY LILY, FUNKIA ALBA.

The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, lily-like, pure white, fragrant flowers. Price, 20 cents each. We also offer a variegated foliage Day Lily, leaves blotched white. Lovely. Price, 25 cents each.

CALYCANTHUS FLORIDUS.

The old-fashioned sweet-scented shrub. A very compact-growing bush, producing its highly-scented flowers in Spring-time. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor. Flowers dark chocolate brown. Price, 15 cents each; two for 25 cents.

New Hardy Hibiscus, "CRIMSON EYE."

This magnificent Hibiscus is unequaled among hardy plants for gorgeous beauty. It originated with us, and after many years of careful selection we have it entirely distinct, always coming true from seed. It is a robust grower, with dark red stems and foliage. The flowers are immense in size, often measuring twenty inches in circumference. The color is of the purest white, with a large spot of deep velvety-crimson in the center of each flower. It is a striking combination of color, and one that must be seen to be fully appreciated. A well developed plant will produce several hundred of these flowers in a season. It will succeed anywhere, and is perfectly hardy, blooming the first year from seed sown in the open ground. We offer both seeds and roots. Price of good, strong roots, to bloom this year, 15 cents each; three for 35 cents. Seeds, 10 cents per packet.

AZALEA MOLLIS.

The most brilliant and showy of all hardy shrubs—exceeding even the Rhododendron—and entirely hardy without protection in all situations. The bloom, which varies in color from the intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remains in perfection for a long time in May and June. Massed they produce an effect that is actually brilliant and dazzling. Price, 50 cents each.

DEUTZIA, CRENATA.

Flowers double and white. A grand hardy shrub. Price, 10 cents each.

WISTERIA.

A popular hardy vine. It grows very rapidly, climbing to a height of fifty feet or more. Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early Spring in long, drooping racemes, resembling in size and shape a bunch of grapes. Price, 20 cts. each; large plants, 50 cts. each.

PHILADELPHUS, Mock Orange.

A most desirable shrub. Beautiful and fragrant. Grows to a height of eight to ten feet. We have both the double and single flowered. Price, 15 cents each; large plants, 35 cents each.

PURPLE LILAC.

This is the old time favorite of everybody's garden. Price, 25 cents each; large plants, 50 cents each.

HELIANTHUS, Hardy Sunflower.

This fine plant will live through our Northern Winters with protection, or can be wintered in the cellar. Height three to four feet, and bears a profusion of perfectly double, bright golden flowers, about the size and form of a nice Dahlia, for which it is sometimes mistaken. One of the really good things which should be in every garden. Price, 10 cents each.

RHODODENDRON, ROSE BAY.

One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich, glossy-green are surmounted with scarlet, purple and white clusters, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are from twelve to twenty-four inches high, well established—many of them set with buds. The colors are blush, rosy-crimson, dark scarlet, lilac, crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Price, fine, large plants, two feet high, with large branching head, with from eight to ten buds sure to bloom this Spring, \$1.00 each. If Rhododendrons are to be sent by mail, add twenty-five cents for postage for each plant.

ANTIGONUM LEPTOPHUS, or the "Queen's Wreath,"

A splendid climbing plant from Central Mexico, producing rose-colored flowers in racemes two feet long. The protrusion of bloom is such as to give the resemblance of Roses at a distance; hence its name, *Rosa de Montana*, or Mountain Rose. Described by the discoverer as the most beautiful climber he had ever beheld. This is moderately hardy, with protection. Will live out over Winter anywhere in the South. The vines are killed to the ground by frost, but it quickly shoots up in the Spring and develops its flowers from June until frost. This is one of the most lovely vines. One of our customers in Texas says in her Fall order that every lady who saw her vine in bloom wanted one. She says no one can describe its beauty. This is, without doubt, the finest climbing vine grown. Try it. Price, 10 cents each; three for 25 cents.

PURPLE FRINGE.

A beautiful, distinct and large shrub. Much admired for its long, feathery flower stalks, which give the tree the appearance of being covered with a cloud of smoke. Price, 25 cents each.

APIOS TUBEROSA.—Tuberous-rooted Wisteria.

A valuable hardy, tuberous-rooted climber, closely resembling the common Wisteria in vine and foliage, and having clusters of rich, deep, purple flowers, which have a strong, delicious violet fragrance. Plant the bulb near a trellis, fence, tree, or any place where you may wish a climber. It blooms profusely. The bulbs are perfectly hardy, and should not be taken up over Winter. It is sure to give satisfaction. Price, 10 cents each; three for 25 cents.

HONEYSUCKLES.

- Aurea Reticulata.**—(*Golden-leaved*.) A variety with beautiful variegated foliage, of yellow-white pink. Price, 15 cents each.
Chinese Evergreen.—Blossoms nearly all the season, deliciously fragrant, flowers buff, yellow and white. Price, 15c each.
Hall's Japan.—This is the most constant bloomer of the class, being literally covered all Summer with beautiful yellow and white flowers. Price, 15 cents each.
Belgian, or European Sweet-scented.—Sometimes called Monthly Fragrant or Dutch Honeysuckle, a fine, hardy grower, flowers large and exceedingly sweet, color buff, yellow and red, a constant bloomer. The finest Honeysuckle, suitable for trellis or pillar. Price, 20 cents each.
Scarlet Trumpet, or Red Coral.—A rapid grower, bright red, with trumpet-shaped flowers. This is the old well-known variety. Price, 20 cents each.

AMPELOPSIS VEITCHII.

Sometimes called "Boston Ivy" and "Japan Ivy." No picture can portray the beauty of this grand climbing plant. As an important aid to architectural beauty it is rapidly attaining prominence, being now a feature on the finest houses—notably the palatial residence corner of Fifty-seventh street and Fifth avenue, New York City. Another fine example of it is seen on Grace Church, New York, while on Commonwealth avenue, and throughout the fashionable "Back Bay" district in Boston, there are hundreds of the finest houses covered with it from foundation to roof. It is adapted to all situations, and transforms the humblest cottage. It is entirely hardy in the most exposed places, attaining a height of twenty to thirty feet in two or three years, clinging to stones, brick or woodwork with the greatest tenacity. It is a great protection to houses, as the leaves lapping over each other like slates on a roof effectually prevent rain from penetrating the walls. For covering dead trees, gate posts, boundary walls, verandas, etc., it has no equal, while its rapid growth and tenacious clinging qualities make it a most desirable plant for staying up terraces. In the Summer the foliage is a rich shade of green, but in the Fall it assumes the most gorgeous tints of scarlet, crimson and orange, so dazzling as to be seen at a great distance. Price, 15 cents each; two for 25 cents.

ASTILBE JAPONICA.

Hardy everywhere. Incomparably the most beautiful of hardy herbaceous plants, growing about two feet high, in compact shape, with handsome foliage, from above which rise its panicles of small, feathery, white blossoms, the embodiment of grace and delicacy. Can be bloomed readily in Winter. Give the plant a half shaded position. Price, 15 cents each; two for 25 cents.

WEIGELIAS.

- Rosea.**—A most charming shrub. It cannot be too highly recommended. Flowers large and rose-colored, borne in such profusion that the whole plant appears a mass of lovely blooms. Price, 20 cents each.
Variegated-leaved.—Deep green leaves, broadly margined yellowish-white. Very striking and pretty. Flowers same as above, but of smaller growth. Price, 20 cents each.
Candida.—This is the very best of all the white-flowered Weigelias. A strong, upright, erect grower. Flowers pure white and produced in great profusion in June, and continues to bloom through the entire Summer. Price, 20 cents each.

**SLUG SHOT KILLS BUGS.****A CHEAP POWDER DESTRUCTIVE TO INSECTS**

that are injurious to house and garden plants, shrubs, trees, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast and fowl. Put up in perforated screw-top canisters, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your Rose bushes, we recommend you to try this. It does its work quickly and thoroughly.

Price, 50 Cents Per Canister.

THE BEST NEW SWEET PEAS.

SWEET PEAS.

Most deservedly have Sweet Peas had a new impetus given to their popularity by the introduction of beautiful new varieties the last few years. So extremely fashionable have they become that we now sell thousands of pounds of seed where we formerly sold a few hundred. Each year we have been making extensive

trials of the new varieties, and can recommend the extremely beautiful new named varieties in the following list of "Best New Sweet Peas."

Price, 5 cents per packet; 15 cents per ounce; one-fourth pound, 50 cents.

- Boreatton.**—A very fine, dark Pea, with bold, stout flower, color deep maroon. Distinct and beautiful.
- Isa Eckford.**—Creamy-white, suffused with rosy-pink.
- Orange Prince.**—Of rare beauty; bright orange-pink, flushed scarlet; wings rich rose, veined with pink.
- Splendour.**—Rich, bright, pinkish rose, shaded with crimson; flowers large, of finest form. Certificate from Royal Horticultural Society.
- Purple Prince.**—Maroon standards, shaded with bronze, and purple blue wing. Very fine and superb.
- Queen of England.**—Grand; pure white flowers of extra large size and especially choice.
- Prince of Wales.**—Shaded and stained with mauve on a white ground in the most pleasing manner.
- Duchess of Edinburgh.**—(Autumn Tints.) Very beautiful, standard light scarlet, slashed with crimson, slightly margined at the edge with cream-white, wings tipped with rose.
- Apple Blossom.**—Bright rosy-pink blush. Extra fine.
- Primrose.**—A near approach to a yellow Sweet Pea, quite novel and distinct in color. The standards and wings pale primrose-yellow.
- Miss Blanche Berry.**—It bears large pink and white flowers, richly fragrant and produced in the greatest abundance for a long time.
- Cardinal.**—Crimson-scarlet. Extra fine.
- Mrs. Gladstone.**—Delicate pink standards, wings blush, edged with delicate pink. Exquisite.
- Delight.**—Wings white, standards white, beautifully crested with crimson. Small, but very pretty.
- Empress of India.**—Clear rosy-pink standards, white wings, large and very pleasing.

All of the foregoing are 5 cents per packet; any six packets for 25 cents; or we will send the entire collection of fifteen varieties for 50 cents. A wonderful offer.

Eckford's New Sweet Peas.—(Finest Mixed.) Besides the varieties in the above list of Mr. Eckford's raising, this mixture also includes seeds of several others of Eckford's new varieties, giving many new and beautiful varieties which heretofore have been too rare to include in mixture. Price, 5 cents per packet; per ounce, 15 cents; one-fourth pound, 40 cents; per pound, \$1.25.

All New Sweet Peas Mixed.—This is our own mixture of all the above and other distinct named varieties. We can recommend it as the finest strain of Mixed Sweet Peas ever offered. The seed is now so cheap that lovers of Sweet Peas should plant it by the pound. Price, 5 cents per packet; per ounce, 10 cents; one-fourth pound, 30 cents; per pound, \$1.00, postpaid.

Good & Reese's International Mixture of Pansy Seed

THE results of our observations of the various strains produced, and of the favorites in our market, prompted us to prepare and introduce in 1888 our **INTERNATIONAL MIXTURE**. It has proven more popular than we could have reasonably expected, and we may honestly claim it to be today **not only the best, but the most widely known and admired**. It contains, besides all the leading kinds of commerce, seeds of the Giant, Bugnot, Cassier, Trimardeau, with flowers measuring when well grown three inches in diameter, and such beautiful colors as gold, bronze, silver-edge, marbled, mahogany, spotted, claret-red, and many others. Our **International Mixture** will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Price, 10 cents per packet.

International Pansies in separate colors at 5 cents per packet, or the entire collection of fourteen varieties for 50 cents. Be sure and try them.

INTERNATIONAL PANSY PLANTS, 5 CENTS EACH; 35 CENTS PER DOZEN; THIRTY-FIVE FOR \$1.00.

- Azure Blue.**—Very fine; a beautiful shade.
- Bronze Color.**—A new and striking color.

WONDERFUL BARGAIN OFFER Fourteen Choice Flowers Only 50 Cts.

And a Splendid Floral Magazine Mailed You Every Month for a Year **FREE!**

It is our earnest desire to have every person who reads this catalogue try at least a small collection of our plants, seeds and bulbs. Every one loves flowers, Nature's sweetest gift to man. There are many persons, however, who do not grow flowers because they suppose it is an expensive and difficult thing to do. We wish to prove that this is not true, and in order to do so have prepared a collection for "beginners"—designed for those who would like to grow flowers, but who do not know how to do so.

This magnificent collection comprises fourteen popular flowers and will enable anyone to have a nice flower garden at small cost and with little trouble. We will send this collection to any address in the United States, postpaid, for only 50 cents, and, in addition, will give free to every person who orders the collection one year's subscription to the great floral magazine, *How to Grow Flowers*.

REMEMBER OUR GRAND OFFER, The splendid collection of Plants, Seeds and Bulbs described here and *How to Grow Flowers* one year for only fifty cents. Be sure to include this combination in your order, no matter what else you may buy. You need the magazine, and the plants, etc., offered are a wonderful bargain.....

HOW TO GROW FLOWERS.

with the care and culture of Plants. Printed on fine book paper and illustrated with elegant half tone engravings, made from photographs, *How to Grow Flowers* is in every way the equal of many one dollar magazines. The articles published are from the pens of those who grow flowers with success, and are written in concise and practical form. Topics are treated in season and always by experts. The magazine comprises from twenty to thirty-two pages and is a handsome specimen of the printers' art. Its value to anyone who would like to know all about flowers is beyond calculation. *How to Grow Flowers* is designed to supply the information needed by amateurs, and it succeeds so well in doing this that we are anxious to have all our friends and customers read it regularly. Sample copies will be sent free. Address
